The posted cash receipt journal shall match the bank’s validation of the deposit.

### Federal Regulations for Federal Grant Awards

Title 34 of the Code of Federal Regulations (34 CFR), known as the [Education Department General Administrative Regulations \(EDGAR\)](#), pertains to TEA grants. For a complete description of the federal regulations that apply to federal education grant awards, visit [USDE's EDGAR website](#). Refer to the [EDGAR Materials and Resources](#) page of the TEA website for details on new federal regulations,

including their effective/applicability date, purpose, a list of the OMB circulars they replace, and links to related TEA grantee guidance.

For state-administered federal grants, TEA shall notify the district on the Notice of Grant Award (NOGA) of the applicable administrative regulations.

**When the district's local policies and/or procedures conflict with the federal regulations, the district shall comply with the more restrictive regulations in all aspects of federal and state grants management.**

Overview of the Education Department General Administrative Regulations (EDGAR). The EDGAR, as amended on December 26, 2014, includes six (6) subparts and multiple appendices under 2 CFR Part 200 of EDGAR as noted below:

- Subpart B – General Provisions
- Subpart C – Pre-award Requirements

The EDGAR in its entirety can be accessed at: [Education Department General Administrative Regulations \(EDGAR\) and Other Applicable Grant Regulations](#).

Technical assistance and interim guidance can be accessed at: [Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards | U.S. Department of Education](#). Interim guidance should be monitored to ensure that additional requirements or flexibilities issued via an OMB Memorandum, but not codified in the EDGAR are known and complied with.

To ensure consistency with the EDGAR, the district shall utilize the acronyms and definitions included in the EDGAR for general terms related to the management of federal grant funds. The EDGAR Acronyms and Definitions can be found in **CFR 200.0** through **200.1**, respectively.

Programmatic regulations for each of the district's federal grant awards are hyperlinked in the List of Grant Awards for easy access to the Fiscal Guidelines, Allowable Costs, and/or other programmatic regulations.

- Retaining all payroll records for the required length of time (5 years) for audit purposes
- Assisting the Human Resources & Grants departments with determining the payroll distribution code(s) for all grant-funded staff.
- Receive and review Time and Effort documentation to compare to payroll distribution records.
- Receiving and monitoring the time and effort reports, as appropriate, and submitting adjustments, if any, to the business office

All departments shall provide staff training for their respective staff and other staff, as appropriate, regarding the EDS or designee duties and responsibilities for each staff member.

## Part I - State Grants

### State Programs – Allotments

The Texas Education Agency's State Funding Division is responsible for administering the [Foundation School Program](#) (FSP) and wealth equalization provisions of the Texas Education Code. In addition to the FSP Basic Allotment, the district receives state program allotments to meet the needs of specific student populations. The special program allotments, where required, shall be used to **supplement** (beyond the basic program) the academic needs of students enrolled in a special program.

State Program allotments are estimated and paid to school districts through a Summary of Finance template created by the Texas Education Agency. The actual state allotments are calculated as noted below in each respective section. A settle-up process occurs at the end of each fiscal year – funds owed to a district are paid by TEA and funds owed by a district are paid to TEA (or TEA reduces the following fiscal year funds by the amount owed to the state).

A percentage of each state allotment must be spent on “direct” expenditures for the given special program. The current percentages and program intent code (PIC) are noted below by program:

▪ <b>Special Education</b>	<b>55%</b>	<b>PIC 23</b>
▪ <b>Career &amp; Technical Education</b>	<b>55%</b>	<b>PIC 22</b>
▪ <b>State Compensatory Education (SCE)</b>	<b>55%</b>	<b>PIC 24-30 (except 25&amp; 27)</b>
▪ <b>Bilingual/ESL Education</b>	<b>55%</b>	<b>PIC 25</b>
▪ <b>Dyslexia</b>	<b>100%</b>	<b>PIC 37</b>
▪ <b>Early Education Allotment</b>	<b>100%</b>	<b>PIC 36</b>
▪ <b>CCMR Outcomes Bonus</b>	<b>55%</b>	<b>PIC 38</b>

**Note. The district shall not use PIC 30 – neither of the campuses operate a Title I Schoolwide Program.**

## Budgeting Special Program Allotments

The per-pupil expenditures of federal, state, and local funds, including actual personnel expenditures and actual non-personnel expenditures must be in compliance with federal regulations [ESSA and 34 CFR]. As a best practice, the district shall ensure that the appropriate program intent code (PIC) and campus/department organization codes are used during the budget and expenditure processes. Expenditures coded to PIC 99 (undistributed) and Organization Code 999 will be distributed by TEA using a methodology that may include: student enrollment by campus, staff FTEs, square footage of buildings (for functions such as 34, 35, 51, etc.), or other methodology as may be determined by TEA.

During the budget process, the estimated state allotment shall be calculated by the DBO based on prior year special program enrollment, average daily attendance (ADA), and projected revenue based on the most current Summary of Finance template. The estimated state allotment by special program shall be provided to the EDS. The EDS has global oversight of all state special programs. The Coordinators and Directors, as noted below, shall be directly responsible for their respective program(s). These special program administrators shall be responsible for the programmatic compliance in their respective program(s). Programmatic compliance shall include, but not limited to: program eligibility, program design, instructional delivery, entry/exit procedures, professional development, and certification and program manuals.

- |                                      |  |
|--------------------------------------|--|
| ▪ Special Education                  | Special Education Coordinator, Regina Davis              |
| ▪ Career & Technical Education       | EDS, Craig Sims  |
| ▪ State Compensatory Education (SCE) | Coord of Assessment & Special Programs, Courtney Boswell |
| ▪ Bilingual/ESL Education            | Coord of Assessment & Special Programs, Courtney Boswell |
| ▪ Dyslexia                           | Director of Academic Services, Kim Neill                 |
| ▪ Early Education                    | Director of Academic Services, Kim Neill                 |

The business office, specifically the DBO, shall be responsible for the financial compliance in each of these special programs. Financial compliance shall include, but not limited to: budgeting development & monitoring, approval of expenditures, financial reporting to TEA, financial audit, calculating per-pupil expenditures by program, and purchasing with state allotment funds.

As part of the budget adoption process, the DBO shall verify that the proposed budget includes appropriations in each of the special programs of no less than the percentages stated above as required direct expenditures for each special program.

## Program Intent Codes (PICs) – FASRG

The mandated program intent codes (as defined in the FASRG or recently by TEA) are classified as Basic or Enhanced. The PICs in these classifications for regular and special program allotments are noted below:

### Basic Services – PIC 1X

- PIC 11 Basic Educational Services

### Enhanced Services – PIC 2X – 3X

- PIC 22 Career & Technical Education
- PIC 23 Special Education\*
- PIC 24 Accelerated Education (State Compensatory Education)\*\*
- PIC 25 Bilingual and ESL Education\*\*\*
- PIC 36 Early Education Allotment (New in 2019-2020)
- PIC 37 Dyslexia (New in 2019-2020)
- PIC 43 Dyslexia, Special Education (New in 2020-2021)\*

\*PIC codes used in Special Education mandated spending requirement

\*\*PIC codes used in State Compensatory Education mandated spending requirement

\*\*\*PIC codes used in Bilingual/ESL mandated spending requirement

If the “intent” of a particular course or program is one of the Enhanced Services, the appropriate PIC shall be used for the expenditures even if an incidental student(s) benefits from the program. For example, the salary of a Bilingual Instructional Aide should be paid 100% from PIC 25, if the intent of his/her position is to support Bilingual students even though 1 or 2 non-Bilingual students also benefit from a small group instructional setting.

## Student Special Program Enrollment Reporting (PEIMS)

The special program enrollment shall be reported to TEA through the PEIMS data submissions. Campus principals shall be responsible for developing procedures to identify the entry and exit of students into the state mandated special programs. The procedures shall comply with the Texas Education Code, Chapter 29 for each respective special program. The entry and withdrawal of students in special programs shall be in accordance with the district’s Attendance Accounting Procedures Handbook, TEA’s *Student Attendance Accounting Handbook (SAAH)* and the *Texas Student Data Standards (TSDS)*.

Upon enrollment and throughout the school year, the Student Information System (Ascender) shall be used to record student enrollment in each special program. The student enrollment record shall include the entry and exit date(s) for all special programs that generate state funding.

The PEIMS Annual Timelines shall be used to ensure that prior to the submission of the Fall, Summer and Extended Year PEIMS Student Data that all students are properly coded in their respective special programs. The campus principals shall review the appropriate TSDS reports prior to all PEIMS Submissions to ensure that the student special program enrollment is accurate and reasonable

compared to the historical data. The reports listed on the table below include some, but not all, of the reports that each principal shall review and sign-off on before the submission of PEIMS data to TEA.

Submission	Report #	Report Name
Fall	PDM1-120-002	LEP/BL/ESL and Parental Denial Students
	PDM1-120-003	Student Program Roster
	PDM1-120-005	Student Data Review
	PDM1-120-009	Disaggregation of PEIMS Student Data
Summer	PDM3-120-004	Disaggregation of PEIMS Summer Attendance Data
	PDM3-120-013	Special Programs Attendance Data
	PDM3-120-015	Previous Year Average Daily Attendance Data
Extended Yr	PDM4-120-001	Extended School Year (ESY) Services Roster
	PDM4-120-004	Bilingual/ESL Summer School Roster

### Staff Full-time Equivalent (FTEs) and Payroll Account Coding

At the beginning of each school year, the salaries of all staff should be determined based on their position and assignment. Specifically, we need to know the following:

- What the employee will do? Determines the function code
- What is the FLSA status of employee? Determines the object code [Exempt staff – 6119 and Non-exempt staff – 6129]
- Where the employee will work? Determines the organization code (may be split)
- Who will benefit? Determines the population served or PIC (may be split)

Determining the correct payroll account distribution code(s) is critical to ensure that all payroll costs are expensed in the correct account code(s). This is extremely important for staff assigned on a part-time or full-time basis to support a special program. Only the payroll costs for services whose intent is to serve one or more special program may be charged to the special program PIC.

Campus Principals and Special Program Administrators shall be responsible to ensure that any changes to staff assignments are submitted to the Payroll/Benefits Coordinator within five (5) days of the assignment change. The prior process of verifying the FTEs/account codes, approval of the FTE report, and submission of the reports to the payroll department shall occur upon the receipt of assignment changes.

The staff FTEs by special program shall be reported to TEA through the PEIMS data submissions. Campus principals shall be responsible for developing procedures to ensure that all staff, especially instructional staff, has the correct populated served code in the campus master schedule. The procedures shall comply with the district's Attendance Accounting Procedures Handbook, TEA's *Student Attendance Accounting Handbook (SAAH)* and the *Texas Student Data Standards (TSDS)*.

The Student Information System (Ascender) shall be used to create the district/campus master schedule, instructor records, and course/section records. Specifically, every course record shall reflect the correct

Service ID (as noted on TEDS Code Table C022 Service-ID); and, every section course record shall reflect the correct Population Served Code (as noted on TEDS Code Table C030 Population-Served-Code).

The PEIMS Annual Timelines shall be used to ensure that prior to the submission of the Fall and Summer PEIMS Staff Data that all staff are properly coded in their respective special programs. The campus principals shall review the appropriate TSDS reports prior to all PEIMS Submissions to ensure that the staff data by special program enrollment is accurate and reasonable compared to the historical data. The reports listed on the table below include some, but not all, of the reports that each principal shall review and sign-off on before the submission of PEIMS data to TEA.

Submission	Report #	Report Name
Fall	PDM1-110-004	Staff FTE Summary
	PDM1-110-005	Student and Staff Counts by Service ID
	PDM1-110-006	Staff FTE by ROLE ID
	PDM1-110-007	Payroll Information by Program Intent Code 21 thru 25
	PDM1-111-001	Individual Staff Profiles (PIC Code and Pop Served should match)

### **State Allotment Program Expenditures Compliance**

Throughout the fiscal year and at the end of the fiscal year, the DBO, shall calculate the periodic and final spend percentages for each special program. The allocated expenditures by program intent code (PIC) shall be used to determine compliance. In the event that direct expenditures fall below the mandated percentages, the DBO shall ensure that the deficit amount is budgeted in the following fiscal year.

The TEA Special Allotments Monitoring Program (SAMP) methodology and expenditure rate calculation worksheet shall be used by the business office, specifically the DBO, to ensure compliance with required spend percentages. The SAMP shall include the supplemental state allotment programs: 1.) Special Education, 2.) Compensatory Education, 3.) Bilingual Education, 4.) Career and Technology Education, 5) Dyslexia, 6) Early Education.

Upon receipt of a TEA Preliminary SAMP report, the DBO shall review the report and submit any additional information to TEA within 10 days of the report. If the results of a TEA Special Allotments Monitoring Program report indicate that the district did not over a period of three (3) fiscal years, utilize the state allotment program funds in accordance with TEC, TAC or TEA guidelines, the EDS or designee shall develop a Corrective Action Plan. If the Corrective Action Plan indicates that the district must return state allotment program funds to TEA, the funds shall be submitted to TEA within the allotted time period. If the Corrective Action Plan indicates that the district shall correct operational procedures related to the budgeting and expensing of state allotment program funds, the EDS or designee shall draft and implement the operational procedures.

### **State Allotment Program Legal Requirements (TEC excerpts)**

State laws, specifically Chapter 29 and Chapter 48 include requirements related to program eligibility and allowable funds. Excerpts from each state allotment program fund requirements are noted in the following sections.

### **Career and Technical Education (CTE)**

The Career and Technical Education program must adhere to state law, Texas Education Code (TEC) 29.181 and TEC 48.106. Chapter 29 addresses the programmatic guidelines related to eligibility, identification, and program services. Chapter 48 addresses the funding weight(s) and allowable costs.

Specifically, each school district shall identify students eligible for the CTE program and serve the students in an appropriate manner to obtain state funds. The Master Schedule shall serve as the official document to support that each student was enrolled in a CTE course. All student identification and enrollment shall meet the special program guidelines in the Student Attendance Accounting Handbook (SAAH). Student enrollment data shall be submitted to TEA through the PEIMS Fall Submission as of the snapshot date. The attendance and/or contact hour data for funding purposes shall be submitted to TEA through the PEIMS Summer Submission.

The designated administrator with oversight responsibility to certify the CTE special program data prior to submission to TEA shall be as noted on the Annual List of Program Coordinators (Exhibit Section).

### **Special Education**

The Special Education program must adhere to state law, Texas Education Code (TEC) 29.003 and TEC 48.102. Chapter 29 addresses the programmatic guidelines related to eligibility, identification, and program services. Chapter 48 addresses the funding weight(s) and allowable costs.

Specifically, each school district shall identify students eligible for the Special Education program and serve the students in an appropriate manner to obtain state funds. The student's Individualized Education Plan (IEP) shall serve as the official document to support that each student is eligible for special education, the type of instructional arrangement, and the number of contact hours to be served in a special education setting. All student identification and enrollment shall meet the special program guidelines in the Student Attendance Accounting Handbook (SAAH). Student enrollment data shall be submitted to TEA through the PEIMS Fall Submission as of the snapshot date. The attendance and/or contact hour data for funding purposes shall be submitted to TEA through the PEIMS Summer Submission.

The Special Education Coordinator with oversight responsibility to certify the Special Education program data prior to submission to TEA shall be as noted on the Annual List of Program Coordinators (Exhibit Section).

### **Compensatory Education (SCE)**

The Compensatory Education program must adhere to state law, Texas Education Code (TEC) 29.081 and TEC 48.104. Chapter 29 addresses the programmatic guidelines related to eligibility, "at risk"

identification, and program services. Chapter 48 addresses the funding formula and allowable costs. The SCE program is funded based on fall PEIMS snapshot count of enrolled students who are reported as economically disadvantaged and the census-based weight associated each identified student's home address. All student identification and enrollment shall meet the special program guidelines in the Student Attendance Accounting Handbook (SAAH). Student enrollment data shall be submitted to TEA through the PEIMS Fall Submission as of the snapshot date. The campus administrator (Principal) and the Child Nutrition Administrator shall be responsible for the collection, maintenance and verification of student home address and free/reduced lunch eligibility respectively. .

Specifically, each school district shall identify students eligible for the Compensatory Education program and serve the students in an appropriate manner to obtain state funds. There are fourteen (14) at risk indicators in state law. Districts may also use compensatory education funds to support students who are identified as economically disadvantaged, even if they are not identified as at risk. The Campus Principal, or designee, at each campus shall be responsible for identification of all at risk students. The at-risk student enrollment shall be reported to TEA through the PEIMS Fall Submission.

The SCE program compliance is unlike the other special programs in that it requires specific documentation as outlined in the Financial Accounting System Resource Guide (FASRG) Module 9. **The Campus Improvement Plans (CIP) is the primary source of documentation for the expenditure of SCE funds.** The District Improvement Plan, if any, will designate purpose and justification of special funds spent at the district level. CIPs (and DIP if applicable) shall include the SCE goals, strategies, activities and resources (Staff FTEs and budgeted funds).

According to TEA, if a district meets a minimum threshold of awarded funds in state compensatory education then annually within 150 days after the last day permissible to send data for the PEIMS data FINAL Midyear resubmission 2 (typically late July), the District shall electronically submit a PDF version of the DIP and at least two (2) CIPs through the TEASE system. The determination regarding which CIPs to submit to TEA shall be based on the TEA guidelines in the FASRG, Module 9.1.2 Summary of Filing Requirements. The EDS shall designate submission dates to ensure compliance with this critical requirement if ACA meets the minimum amount of awarded funds to require submission.

Financial guidelines related to supplement, not supplant, targeted-assistance versus school-wide campus expenditures, staffing formulas, job descriptions, time and effort, student case counts, local identification criteria and allowable costs are described in Module 6 State Compensatory Education.

### **Bilingual and ESL**

The Bilingual and ESL program must adhere to state law, Texas Education Code (TEC) 29.053 and TEC 48.105. Chapter 29 addresses the programmatic guidelines related to eligibility, identification, and program services. Chapter 48 addresses the funding weight(s) and allowable costs.

Specifically, each school district shall identify students eligible for the Bilingual or ESL program and serve the students in an appropriate manner to obtain state funds. All student identification and enrollment shall meet the special program guidelines in the Student Attendance Accounting Handbook (SAAH).

Student enrollment data shall be submitted to TEA through the PEIMS Fall Submission as of the snapshot date. The attendance and/or contact hour data for funding purposes shall be submitted to TEA through the PEIMS Summer Submission.

The designated administrator with oversight responsibility to certify the Bilingual and ESL special program data prior to submission to TEA shall be as noted on the [Annual List of Program Coordinators \(Google Doc\)](#).

House Bill 3 created three new allotments that will require financial reporting: the dyslexia allotment, the college, career, and military readiness (CCMR) outcomes bonus, and the early education allotment. The FASRG has been updated in April 2021 with final rules related to the use of these allotments, but the allotments and statutory language around their use are described below.

The use of the dyslexia allotment must be in accordance with TEC 48.103 and can be used only for a student who is receiving services in accordance with an IEP under Section 29.005 or a plan developed under Section 504, is receiving instruction that meets dyslexia criteria established by the State Board of Education and is provided by a person with specific training in providing that instruction, or that is permitted to use modifications in the classroom or accommodations in the administration of assessment instruments on the basis of having dyslexia or a related disorder. School districts are prohibited from using more than 20 percent of the dyslexia allotment to contract with a private provider to provide supplemental academic services recommended in the student's IEP or 504 plan. Students may not be excused from school to receive these supplemental services. At least 100 percent of the dyslexia allotment must be used in accordance with TEC 48.103.

The use of the early education allotment must be in accordance with TEC 48.108 and can only to fund programs and services designed to improve student performance in reading and math in grades prekindergarten through three, including programs and services designed to assist the district in achieving the goals from the district's early childhood literacy and mathematics proficiency plans adopted under TEC 11.185. At least 100 percent of the early education allotment must be used in accordance with TEC 48.108.

## Part II - Federal Grants

Acronyms and definitions related to federal programs are listed in the EDGAR, Subpart A, 200.0 through 200.1, respectively, and may be accessed at: [Education Department General Administrative Regulations \(EDGAR\) and Other Applicable Grant Regulations](#).

These acronyms and definitions are used throughout this manual. One of the most critical definitions is that of a “non-federal entity”. When this definition is used it refers to the “school district”, as a recipient of a federal grant award.

### General Provisions (Conflict of Interest & Disclosure):

The District shall comply with all General Provisions of EDGAR (Subpart B). Specific areas of compliance are noted below:

#### Federal Regulations (EDGAR)

1. The district shall execute an organizational conflict of interest disclosure (signed by the EDS) only if the district enters into a relationship with an outside entity as described in the EDGAR organizational conflict regulations. **[2 CFR 200.318(c)(2)] At this time, the district has no such relationships.** [Note. EDGAR requires that if a non-Federal entity has a parent, affiliate, or subsidiary organization (that is not a state, local government, or Indian tribe), the non-Federal entity must also maintain written standards of conduct covering organizational conflicts of interest.]
2. The district has developed a **Purchasing Conflict of Interest Form** to be used to disclose employee conflicts related to purchasing, contract management or other expenditure of federal grant funds. [EDGAR requires that employees engaged in the selection, award and administration of contracts disclose conflicts to the district.] **2 CFR 200.318(c)(1)]**

#### State Regulations (State Law)

The District has established conflict of interest policies.

1. School Board Policy states: A local government officer (defined as the School Board and EDS) shall file a conflicts disclosure statement with respect to a vendor if the vendor enters into a contract with the district or the district is considering entering into a contract with the vendor and the officer has a conflict of interest or has accepted gifts in excess of \$100 in the aggregate in a 12-month period.
2. School Board Policy states: The EDS shall file an affidavit with the Board President disclosing a substantial interest, as defined by Local Government Code 171.002, in any business or real property that the EDS or any of his or her relatives in the first degree may have.

#### Local Regulations (Local Board Policy and/or Procedures)

1. School Board Policy states: Each employee, board member or agent of the district who is engaged in the selection, award or administration of a contract supported by a federal grant or

award and who has a potential conflict of interest as defined at Code of Federal Regulations, Title 2, section 200.318, shall disclose to the district, in writing, any conflict that meets the disclosure threshold in Chapter 176 of the Local Government Code. In addition, each employee, board member or agent of the district shall comply with any other conflict of interest requirements imposed by the granting agency or a pass-through entity.

2. School Board Policy states: Any other employee who is in a position to affect a financial decision involving any business entity or real property in which the employee has a substantial interest, as defined by Local Government Code 171.002, shall file an affidavit with the EDS; however, the employee shall not be required to file an affidavit for the substantial interest of a relative.

### **Other Conflict of Interest Requirements**

1. The district shall comply with all additional conflict of interest requirements required by the federal granting agency and/or the pass-through entity (TEA).
  - a. The District shall disclose in writing to the granting agency and/or pass-through entities any potential conflict of interest concerning the expenditure of federal or state grant funds. The TEA Division of Grants Administration Conflict of Interest Disclosure Form shall be used to disclose the potential conflict.
  - b. The District shall disclose in writing to the granting agency and/or pass-through entities any violations of federal criminal law including fraud, bribery, or gratuity violations affecting a federal grant award. Upon detection of any fraud, abuse or waste with federal grant funds, the District shall promptly notify the proper legal authorities and pursue appropriate criminal and/or civil actions. The TEA Division of Grants Administration Conflict of Interest Disclosure Form shall be used to disclose the violation(s).
  - c. The EDS and designees shall be responsible for overseeing, reporting, and documenting any fraud, abuse, or waste of federal grant funds.
  - d. The EDS shall be responsible for completing the Certification Statement on the TEA Division of Grants Administration Conflict of Interest Forms.
  - e. The District shall reclassify fraudulent expenditures made with federal grant awards to local district funds, i.e. the General Fund on a temporary basis and shall seek to recover the funds for fraudulent expenditures from the individual(s) perpetrating the fraud.

### **Conflict of Interest Forms:**

- [Conflict of Interest Disclosure \(CIS\)](#) – Texas Ethics Commission
- [Conflict of Interest Disclosure Form](#) - TEA Division of Grants Administration
- [Mandatory Disclosure Form](#) - TEA Division of Grants Administration

All district employees are prohibited from soliciting gifts or tokens from vendors or other parties who are affected by (or have an interest in) a federal grant award.

In addition, all district employees are prohibited from accepting *unsolicited* gifts or tokens from vendors or other parties who are affected by (or have an interest in) a federal grant award that exceed an nominal (individual) value of \$25 [IRS business gift limit] and an aggregate value of \$100 [or current Conflict of Interest limit, whichever is less] in a fiscal year. The unsolicited gifts or tokens may be a nominal meal, vendor exhibit promotional items, calendars, or other nominal value items not specifically excluded below:

- Items prohibited at a public elementary and secondary schools such as drugs, tobacco or alcohol products

District employees who violate this administrative directive shall be subject to disciplinary action, up to and including termination of employment with the district. Violations that exceed the federal Conflict of Interest thresholds shall be reported to the federal granting agency and/or pass-through entity by the Executive Director of Schools.

### **Pre-Federal Award Requirements:**

The federal awarding agency and pass-through entities, in accordance with **2 CFR 200.332**, are required to evaluate the risk of the District in respect to financial stability, quality of management system, history of performance (grants), audit reports and ability to effectively implement the grant program.

To comply with this requirement, the Federal Fiscal Monitoring Division at TEA conducts an annual risk assessment of all subrecipients, including local educational agencies, to determine their potential risk of noncompliance. Based upon the outcome of the risk assessment, subrecipients are assigned a risk level of low, medium, or high.

The division updates the risk assessment model annually to ensure that risk indicators and weights reflect current risks, such as economic conditions; political conditions; regulatory changes; unreliable information; financial problems that could lead to diversion of grant funds; loss of essential personnel; loss of accreditation; rapid growth; new activities, products, or services; and organizational restructuring.

The risk assessment criteria include indicators and weights derived from multiple sources. Each subrecipient is allotted points based upon these criteria, and assigned a risk level of high, medium, or low based on the total number of points allotted.

The current TEA criteria to determine the risk level is available on the TEA website at: [Annual Federal Fiscal Risk Assessment | Texas Education Agency](#).

The effects of the district's risk level determined by TEA may impact the districts in the following ways:

- ***Differentiated Grant Negotiation.*** TEA uses a differentiated grant negotiation process for federal grant applications. Organizations with a medium or high risk level are subject to a more stringent grant negotiation review than those with a low risk level.

- *Subrecipient Monitoring.* Each year, TEA selects subrecipients for fiscal monitoring, according to their risk levels. The higher your organization’s risk level, the more likely you are to be selected for monitoring.

The Executive Director of Schools shall obtain the district’s risk assessment level by accessing the GFFC Reports and Data Collections secure application on an annual basis.

The District shall implement strategies as noted below to ensure that its risk level for federal grants management is determined to be the lowest possible rating:

1. Timely submission of all required programmatic and financial reports
2. Timely and consistent submission of reimbursement requests as an indication that the district is regularly spending the federal grant funds to conduct approved grant activities
3. Complying with the federal grant award fiscal guidelines and allowable cost principles
4. Ensuring that all grant-related staff are properly trained in their respective grants management role on at least an annual basis.
5. Developing and implementing district policies and procedures for all critical business functions
6. Developing and implementing EDS or designee procedures and internal controls

If the District is determined to be a “high risk” district, it shall comply with all of the additional requirements as imposed by the federal granting agency and/or pass-through entity.

No pre-award expenses or obligations shall be made by the District prior to the approval of the federal granting agency or pass-through entity, unless authorized by the grant. **[2 CFR 200.458]** Non-authorized pre-award expenses, if any, shall be paid from local District funds, i.e. the General Fund.

## Grant Application Process

The district may be eligible to apply for “entitlement” and/or “competitive” federal grant funds.

Federal entitlement grant funds include, but are not limited to, Every Student Succeeds Act (ESSA), Individuals with Disabilities Education Act (IDEA), and Carl D. Perkins. The “maximum” and/or “final” entitlement awards for the district are posted on the TEA Grants Management webpage at:

[Administering a Grant | Texas Education Agency](#). The Executive Director of Schools, or designee, shall obtain the annual entitlement amounts and begin the grant development process with the appropriate stakeholders.

A list of competitive grants administered by the TEA are also posted on the TEA Grants Management webpage at: [ProgramSearch \(state.tx.us\)](#). The Executive Director of Schools, or designee, shall obtain the competitive grant information to determine whether the grant(s) is appropriate for the district. Some competitive grants may have matching-funds and/or in-kind payment requirements which may place a burden on the district’s available financial resources.

TEA’s Grant Opportunities webpage provides a wealth of information related to available grants such as: [<http://burleson.tea.state.tx.us/GrantOpportunities/forms/GrantProgramSearch.aspx>]

- **General and Fiscal Guidelines**
- **Program Guidelines**
- **Program-Specific Provisions and Assurances**
- **General Provisions and Assurances**
- **Debarment and Suspension Certification**
- **Lobbying Certification**
- **Sample Application**
- **Deadlines and Due Dates for: grant application, amendments and grant reporting.**

**All district staff involved in the management of federal grant awards shall be aware of these resources.**

All grant applications must be completed with input from stakeholders, within reason. In addition, all grant applications that will support student instruction at one or more campuses, must be developed in collaboration with the respective campus principal(s) or designees. Specific grant activities to support the academic program at a campus should be reflected in the Campus Improvement Plan.

**The final approval of all grant applications shall be the Executive Director of Schools.**

The Executive Director of Schools, or designee, shall work collaboratively with the business office to ensure that all grant budget schedules are completed using the correct account code structure (as appropriate); the district’s purchasing, travel, and other procedures; and are adequately documented if prior approval is required by the granting agency or pass-through entity (TEA).

The Executive Director of Schools, or designee, shall obtain pre-approval for the following activities which have been identified by the granting agency or pass-through entity (TEA);

- [Student educational field trips](#) – TEA Division of Grants Administration form
- [Hosting or sponsoring conferences](#) - TEA Division of Grants Administration form
- [Out-of-state travel](#) - TEA Division of Grants Administration form
- [Request for Approval of Special or Unusual Costs](#) – TEA Division of Grants Administration form
- [Request for Approval of Participant Support Costs](#) – TEA Division of Grants Administration form

An approved copy of a pre-approval form, if required, shall be attached to the purchase order for audit purposes.

Grants that require matching or in-kind district contributions shall be evaluated for overall impact on the district’s current and future local funds.

No federal grant funds shall be budgeted, encumbered, or spent until either of the following has occurred:

- grant has been approved by the granting agency and a Notice of Grant Award (NOGA) has been issued to the district; or
- the entitlement grant has been received by the district and the grant application has been submitted to TEA

[NOTE: TEA allows federal grant expenditures from the grant application “stamp-in date”; however, expenditures that require TEA’s specific approval are not approved until the NOGA is issued.]

The grant application shall be the source document to create the original budget. The Executive Director of Schools, or designee, shall review the grant application, especially the Budget Schedules, and only budget allowable expenditures and object categories. Reserved funds, if any, shall be included in the original budget.

The DBO shall notify the EDS when the funds have been budgeted and are ready for expenditure by the appropriate campus or department.

### **General Provisions and Assurances**

General Provisions and Assurances apply to all grants administered by TEA. Additional provisions and assurances may apply to specific grants. The EDS, or designee, shall inform all staff involved in the expenditure of grant funds of the provisions and assurances for each grant program, as appropriate. Numerous resources are available on TEA’s Provisions and Assurances webpage at:

[http://tea.texas.gov/Finance\\_and\\_Grants/Grants/Administering\\_a\\_Grant/Provisions\\_and\\_Assurances/](http://tea.texas.gov/Finance_and_Grants/Grants/Administering_a_Grant/Provisions_and_Assurances/)

### **Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion**

The district must not award a contract [required for all federal grants, regardless of dollar amount] to a vendor which is debarred or suspended or is otherwise excluded from or ineligible for participation in federal grant award programs. **[2 CFR 200.213]**

The requestor shall verify the eligibility of each vendor with this certification requirement by requesting that the vendor execute a Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion for Covered Contracts and Grants Form before awarding a contract and/or issuing a purchase order. A copy of the certification Form shall be maintained with the vendor records for audit purposes.

The business office shall monitor ongoing contracts to verify the contractor’s compliance with the debarment, suspension, ineligibility and voluntary exclusion provisions. In the event that a vendor is suspended or debarred during a contract, the district shall continue the contract in force until the contract lapses. The contract term shall not include any extensions to the original term of the contract.

The Vendor Management Procedures shall be utilized to verify that vendors are not on the State of Texas or Federal ([www.sam.gov](http://www.sam.gov)) debarred lists.

## Lobbying Certification

For all federal grants in excess of \$100,000, the district shall certify on the grant application that no federal grant funds are expended for the purpose of lobbying. [Appendix II – H1] The business office shall execute a Lobbying Certification Form [Standard Form – LLL: Disclosure of Lobbying Activities], as applicable, if the district used funds other than federal grant funds for lobbying activities.

The DBO shall ensure that all contract award documents with federal grant funds contain the appropriate lobbying certification language.

## Budgeting Grant Funds

The business office, DBO, shall budget grant funds in the appropriate fund code as authorized by Financial Accountability System Resource Guide, or the granting agency, as appropriate. In addition, the object expenditure codes noted on the grant application shall be consistent with the budgeted account codes.

For example, if the grant application included \$2,000 for “6219 Professional Services”, the budget shall include an appropriation for Professional Services in object code 6219. However, if the intent was to expend funds to pay a Math Consultant, the grant application may need to be amended to move the “6219 Professional Services” funds to the correct object code “6299 Other Professional Services”. **All expenditures shall be made from the correct FASRG object code.**

Federal grant funds shall be budgeted and available for use no later than 30 days after receipt of the NOGA or from the stamp-in date, whichever is earlier.

Budget amendments, if any, shall be approved by the EDS, or designee, to ensure that the reclassification of funds is allowable under the EDS or designee guidelines related to budget amendments. Some grants allow a transfer of funds, up to 25% of the grant award, but only within the same object class and if the new object code does not require specific approval from the granting agency.

The TEA Grants Division has developed guidance related to “When to Amend” grants administered by the TEA. The guidance document is posted on the TEA website at:  
[http://tea.texas.gov/Finance\\_and\\_Grants/Administering\\_a\\_Grant.aspx](http://tea.texas.gov/Finance_and_Grants/Administering_a_Grant.aspx).

The guidance document contains the following guidance:

1. Use Table 1 for federally funded grants and for grants funded from both federal and state sources.
2. Use Table 2 for state-funded grants. Refer to the “Select Grantees” column if the NOGA is for over \$1 million.

In addition to TEA’s guidelines, federal regulations require that the district amend the grant application when grantees deviate from the original scope or grant objectives. Other amendments may be necessary when the district changes the designated EDS or designated staff, disengages from grant activities for more than three (3) months, or a 25% reduction in the time devoted by a EDS or designee.

#### Best Practice for Monitoring Grant Expenditures

The EDS, or designee, shall monitor the need for amendments at least quarterly throughout the grant period and at least one (1) month prior to the grant amendment deadline, as applicable. If an amendment is necessary for any of the reasons specified by the pass-through entity (TEA) or in federal regulations, the EDS, or designee, shall initiate the amendment process and collaborate with the DBO prior to submission of the grant amendment. The approval process of a grant amendment shall be the same as the grant application process, i.e. the EDS shall approve all federal grant amendments.

The business office, DBO, shall be responsible for ensuring that the finance system budget corresponds to the most recent grant NOGA.

### Financial and Program Management

The District must comply with all requirements of federal grant awards including the provisions of the Federal Funding Accountability and Transparency Act (FFATA) and the Financial Assistance Use of Universal Identifier and Central Contractor Registration (CCR). **[2 CFR 200.211]**

#### FFATA Reporting

The district shall report the following for all federal grant awards, as appropriate. The EDS shall be responsible for collecting and reporting the information.

1. The following data about sub-awards greater than \$25,000
  - a. Name of entity receiving award [entity = district]
  - b. Amount of award
  - c. Funding agency
  - d. NAICS code for contracts / CFDA program number for grants
  - e. Program source
  - f. Award title descriptive of the purpose of the funding action
  - g. Location of the entity (including congressional district)
  - h. Place of performance (including congressional district)
  - i. Unique identifier of the entity and its parent; and
  - j. Total compensation and names of top five executives (same thresholds as for primes)
2. The Total Compensation and Names of the top five executives if:
  - a. More than 80% of annual gross revenues from the federal government, and those revenues are greater than \$25M annually and
  - b. Compensation information is not already available through reporting to the SEC.

**At the present time, the district has no federal grant sub-awards greater than \$25,000.**

## Financial Management System

The District's financial management system, Ascender Finance System, shall be utilized to record, expend and track all federal grant revenues and expenditures. The financial management system shall be maintained in a manner that provides adequate internal controls over the data integrity, security and accuracy of the financial data. **[2 CFR 200.302(a)]**

The financial management system must contain information pertaining to all federal awards, authorizations, obligations, unobligated balances, assets, expenditures, income and interest and be supported by source documentation. All expenditures of federal grant funds shall be in accordance with the district's written procedures such as cash management, accounts payable, purchasing, travel, allowable costs, capital asset tracking, contract management, and other procedures, as appropriate. In addition, the district shall include written procedures to implement the requirements of 2 CFR 200.305 Payments. **[2 CFR 200.302(b)(6)]**

## Records Retention

The financial management system shall be utilized to store, maintain, and report all required federal grant information. **[2 CFR 200.334]** Consequently, the district shall ensure that access to the data is restricted to authorized individuals in accordance with the district's Data Security and Access policies. In addition, the district shall retain all federal grant records for a period of five (3) years in accordance with the district's Local Records Retention Plan. [Note: The district's retention period exceeds the three (3) year retention period required in the EDGAR.] The district's Record Management Officer (RMO), the Technology Coordinator, shall be responsible to ensure that all records are retained, stored and accessible, as appropriate.

## List of Federal Grant Awards

A list of all federal grant awards shall be maintained to include all EDGAR required data (denoted with an \*) and district-required information listed below: [List of all federal grant awards with the required identification information is included in the Exhibit Section] **[2 CFR 200.302(b)(1)]**

- The CFDA title and number\*,
- Federal award identification number and year\*,
- Name of the Federal agency\*, and
- Name of the pass-through entity\*, if any.
- Grant period (start and end of the grant award)
- Grant award (dollar amount of award)
- EDS or designee for each grant (Generally, the EDS shall serve as the EDS or designee, unless otherwise noted)
- Subgrants, if any
- TEA-assigned risk level for each grant, as appropriate
- Applicable federal regulations (OMB A-87 or EDGAR, based on the date of grant award)

On at least a monthly basis, the EDS or designee shall review the status of each federal grant fund. The review shall include a comparison of budget to expenditures. **[2 CFR 200.302(b)(5)]**

### **Internal Controls**

Internal controls, defined in **2 CFR 200.1**, is a process, implemented by the district, designed to provide reasonable assurance regarding the achievement of objectives in the following categories.

- Effectiveness and efficiency of operations
- Reliability of reporting for internal and external use; and
- Compliance with applicable laws and regulations.

The district' Internal Control Procedures (g 31) over financial management, developed in accordance with the Internal Control Integrated Framework (COSO) and TEA's Internal Controls Guidance Handbook, shall be made available to all staff involved in the management of federal grant funds. **[2 CFR 200.303]** TEA's Internal Controls Guidance Handbook provides a general overview of internal controls as they relate to the federal grants TEA awards. According to the Handbook, the district must have an effective system of internal controls in place to prevent, detect and reduce the risks of fraud, waste and abuse of federal grant awards.

The internal control procedures shall be reviewed on at least an annual basis and updated as appropriate. If any weakness in an internal control is detected, the internal control procedures shall be revised to incorporate the weakness(es) at either the annual review or as the need arises dependent upon the severity (materiality) of the weakness.

The DBO shall be responsible for the annual review and update of the Internal Control Procedures.

### **Bonds**

If the granting agency requires that the district obtain bonding and/or insurance for a specific project, the district shall ensure that the bonds are obtained from a company that holds a certificate of authority as specific in 31 CFR Part 223, Surety Companies Doing Business with the United States.

The DBO shall be responsible for obtaining insurance and/or bonding, as appropriate.

### **Payments from the Granting Agency and to Vendors**

Payments to vendors shall be made promptly in accordance with federal regulations and state law. Specifically, in accordance with the Texas Prompt Payment Act, the district shall pay all invoices within 30 days of receipt of the goods/services and the invoice, whichever is later.

The district has determined that it will not accept advanced payments for federal grant funds. Acceptance of advanced payments require depositing of the funds in an interest-bearing bank account, tracking of interest earnings, and return of all investment earnings in excess of \$500 per year to the granting agency. **[2 CFR 200.305(9)]**

The district shall seek reimbursement for federal grant expenditures, rather than using an advanced payment method. Consequently, the district shall prepare and submit a "draw-down" of federal grant

funds only after the payments have been made and distributed to the vendor via mail, e-payables or other delivery method. The draw-down of expended funds shall be net of all rebates, refunds, contract settlements, audit recoveries and interest earned, as appropriate. The DBO shall be responsible for preparing the draw-down of federal grant funds. All draw-downs shall be recorded on the general ledger as a receivable when the draw-down process is complete and posted to the cash account upon receipt of the receivable.

The Request For Reimbursement Form shall be prepared and certified by the DBO and EDS or designee prior to completing the on-line [or manual] draw-down procedure. To ensure that the district does not draw down any advanced funds, the draw down shall occur after the 10<sup>th</sup> of the following month to ensure that all payroll-related liabilities, such as federal taxes and Texas Teacher Retirement System deposits, have been disbursed from the districts bank accounts. The draw-down of payroll expenditures shall be net of all accrued wages (object code 2161) and payroll liabilities (object code 2211).

All expenditures must meet the Obligation Rules (Title 34, 76.707 ). Obligations that are liquidated and recognized as expenditures must meet the allowable cost principles in 2 CFR 200, Subpart E of EDGAR (as applicable) and program rules, regulations, and guidelines contained elsewhere.

The DBO shall strive to “draw-down” federal grant funds on a monthly, or at least quarterly basis. **TEA requests that LEAs make timely draw-downs to ensure that funds are being used and that grant activities are being met throughout the grant period.**

### **Cost Sharing or Matching Funds**

The EDS or designee shall ensure that requirements for cost sharing and/or matching funds are approved through the grant approval process prior to the submission of the grant. At a minimum, the EDS or designee and the DBO must approve the commitment of all cost sharing and matching grant funds.

If cost sharing or matching funds are required as part of a federal grant award, the required direct or in-kind expenditures should be recorded and tracked on the general ledger. If matching grant funds are required in the General Fund (Fund 199), the district shall utilize a sub-object to separately track the expenditures for reporting and compliance purposes.

All staff paid with cost sharing and matching funds, shall be subject to the federal Time and Effort Documentation requirements.

Cost sharing and matching funds that are as a result of donated services or supplies, shall be recorded and tracked in accordance with the federal regulations (**CFR 200.306**).

### **Program Income**

The district does not plan to generate any program income as part of a federal grant award. Federal regulations (**CFR 200.307**) allow the district to generate program income to offset federal grant award costs. Income earned, if any, must be expended in accordance with the grant requirements.

In the event that the district opts to generate program income as part of a federal grant award in the future, all recommendations for program income activities, shall be reviewed and approved by the EDS or designee and the DBO.

If program income activities are approved, the EDS or designee over the activities shall ensure that the costs of generating the program income are not federal grant funds, are nominal in cost, are offset from the program income, and meet all of the federal requirements. The TEA Division of Grant Administration [Request to Add Program Income to Federal or State Grant Award and Expansion Delivery of Programmatic Services Form](#) shall be used to request authorization to use any program income to support a state or federal grant.

**The district shall not retain any program income earned through a federal grant program.**

### **Period of performance (Obligations)**

All allowable grant expenditures shall be incurred during the grant period, i.e. begin date and end date of the federal grant award as designated on the Notice of Grant Award (NOGA). The EDS or designee shall notify the appropriate departments of the grant periods for each federal grant award to ensure compliance as noted below:

- No employee shall be hired and paid from federal grant funds except during the federal grant period
- No purchase obligation shall be made from federal grant funds except during the federal grant period
- No payroll or non-payroll expenditures shall be made from federal grant funds except during the federal grant period.

The district's purchasing deadlines have been established to facilitate the purchase of all goods and service within the fiscal year and/or grant period. The purchasing deadline for non-federally funded purchases is May 1<sup>st</sup> of each fiscal year. The purchasing deadline for federally funded purchases will follow this same deadline, unless the deadline is adjusted to fall within the grant's period of performance. At a minimum, the purchasing deadlines for federally-funded purchases shall end approximately two (2) months prior to the end of the grant period to ensure **receipt** and **use** of the goods or services for the intended grant activities.

All obligations with federal grant funds must occur during the grant period. Obligations that occur before or after the grant period are not allowable costs. The obligations must be liquidated in accordance with the grant deadlines, especially as they relate to the final draw-down of federal grant funds. **[2 CFR 200.309]**

Guidance regarding the obligation of federal grants funds [Title 34 76.707] can be found in TEA's General and Fiscal Guidelines. Excerpt from the guidelines is noted below:

---

An obligation occurs depending upon the expenditure, as described in the following table.

<b>If the Obligation Is For—</b>	<b>The Obligation Is Made—</b>
Acquisition of real or personal property	On the date the grantee makes a binding written commitment to acquire the property
Personal services by an employee of the grantee	When the services are performed
Personal services by a contractor who is not an employee of the grantee	On the date on which the grantee makes a binding written commitment to obtain services
Performance of work other than personal services	On the date on which the grantee makes a binding written commitment to obtain the work
Public utility services	When the grantee receives the services
Travel	When travel is taken
Rental of real or personal property	When the grantee uses the property

### **Procurement Standards and Expenditure of Grant Funds**

Procurement with and expenditure of grant funds shall be through the documented purchasing, finance or payroll department processes in place for non-grant funds and shall have additional requirements as noted below to ensure full compliance with federal regulations, specifically the Procurement Standards in ***EDGAR 2 CFR Part 200.318-200.327***.

The district shall comply with the general procurement requirement of the EDGAR (2 CFR 200) **effective July 1, 2018 and amended in November 2020**. The district shall utilize a purchase order and encumbrance system to manage the expenditure of all federal grant funds unless other methods such as credit cards, petty cash, direct payments, etc. are authorized in the district’s operating procedures. All purchases shall be in accordance with the district’s School Board Policies (CH Legal and Local) and the district’s **Purchasing Procedures (Exhibit Section)**. **The district purchasing procedures shall comply with all federal, state, and local procurement requirements. If a conflict arises between the federal, state and local requirements, the stricter requirement shall prevail.**

The district shall adhere to state law and federal guidelines related to competitive procurement of grant purchases. Specifically, the district shall comply with the Texas Education Code, Chapter 44 regarding the authorized competitive procurement options available to school districts. In addition, any competitive procurement requirements specific to a federal grant must also be adhered to for all grant purchases. For example, a federal grant may require that all purchases and/or contracts that exceed \$100,000 be approved by the granting agency before approval of a purchase order or contract.

Additional compliance with federal guidelines may include specific approval for purchases from sole sources vendors, non-appropriate cancellation language in multi-year contracted purchases, vendor selection criteria, and other guidelines specific to a federal grant.

**The district shall utilize the Financial Accountability System Resource Guide (FASRG) Account Code Structure to record all payroll and non-payroll expenditures.** Additional guidance regarding the FASRG Account Code Structure is available on the TEA Website ([www.tea.texas.gov](http://www.tea.texas.gov)) and the district's Chart of Accounts Reference Guide.

The EDS or designee for each federal grant shall be responsible for the programmatic and evaluation compliance and the DBO shall be responsible for the financial compliance. A **List of EDS designees** by federal grant is included in the Exhibit section. The use of "EDS or designee" throughout this document shall refer to the specific designee by federal grant as listed on this document.

### **Federal Regulations - Education Department General Administrative Regulations (EDGAR)**

The district shall adhere to the **Education Department General Administrative Regulations (EDGAR)** and any additional grant-specific cost principles. The 2 CFR Part 200 Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards include numerous requirements of the grantee.

All refunds, rebates, discounts, or other credits to grant expenditures shall be posted to the finance general ledger as soon as the credit is known. [Note. It is essential to post all credits to the general ledger on a timely basis to ensure that the district does not draw-down grant expenditures in excess of actual expenditures net of all credits.]

Additional information related to the EDGAR is located at:  
<http://www2.ed.gov/policy/fund/reg/edgarReg/edgar.html>

### **State-Administered Federal Grant Guidelines and Requirements**

The district shall also adhere to General and Fiscal Guidelines established by the Texas Education Agency. The guidelines for grants awarded before and after December 26, 2014 are hyperlinked below:

- [\*\*General and Fiscal Guidelines \(through December 26, 2014\)\*\*](#)
- [\*\*General and Fiscal Guidelines: EDGAR \(after May 1, 2020\)\*\*](#)

The district shall also adhere to grant-specific cost requirements established by the Texas Education Agency. The grant-specific guidelines for current district grants are hyperlinked under the Grant Opportunities webpage at: [\*\*Guidelines, Provisions, and Assurances | Texas Education Agency\*\*](#)

- **ESSA Consolidated Federal Grant Program Guidelines**

### **Procurement Tracking and Documentation**

The EDS or designee shall be responsible for ensuring compliance with all federal, state and local procurement requirements and for ensuring that the district maintains an up-to-date procurement history to include, but not limited to, the information below for all federal-funded purchases if applicable **(2 CFR 200.318(i))**.

- \*Rationale for the method of procurement
- \*Selection of contract type
- \*Contractor selection or rejection
- \*Basis for the contract price
- List of all procurements by type
- Like-item category (commodity code)
- Advertisement date(s) of the procurement
- Release date of the procurement specifications
- Selection criteria for vendors
- Opening date of the procurement
- List of vendors submitting a proposal/bid
- Selection of Vendor
- Date of contract award
- Begin date of contract
- End date of contract
- Contract Amount

\*EDGAR-specific provisions [2 CFR 200.318(i)].

The procurement history records and other procurement records shall be retained in accordance with the federal, state and/or local retention periods, whichever is greater. The procurement records shall be made available to the federal granting agency, pass-through entity (TEA), and auditors, as appropriate.

### **Purchasing Efficiency Strategies**

All purchases shall be purchased from a variety of qualified vendors with the ability to perform successfully under the terms and conditions of a proposed procurement. The district shall strive to avoid acquisition of unnecessary or duplicative items **(2 CFR 200.318(d))**.

The district shall implement the following strategies to maximize federal grant funds:

- Consolidation of purchases to obtain volume pricing, as appropriate
- Evaluate the cost efficiencies of leases versus purchases of equipment
- Utilize cooperative purchasing agreements, as appropriate, to obtain volume pricing **(2 CFR 200.318(e))**
- Utilize federal or state excess/surplus property supplies or equipment in lieu of purchasing new supplies or equipment, as appropriate **(2 CFR 200.318(f))**
- Utilizing value-engineering in construction projects to seek cost reductions **(2 CFR 200.318(g))**

- Develop vendor selection criteria to select the best vendor **(2 CFR 200.318(h))**
- Develop a tracking system of all informal and formal procurements **(2 CFR 200.318(i))**
- Avoid “time and materials” contracts if other alternatives exist **(2 CFR 200.318(j)(1))**
- Monitor vendor performance to ensure that the vendor provides the services and/or goods, as appropriate **(2 CFR 200.318(k))**
- Ensure that all contract and vendor disputes are resolved in the most advantageous manner
- Minimize the risk of jurisdictional issues by ensuring that all contracts would be litigated in a court within the county, city and/or state, as appropriate

The district may complete a review of the procurement system to self-certify that the procurement system is efficient and effective **(2 CFR 200.325)**. The EDS or designee shall oversee the completion of the self-certification. The results of the certification shall be distributed to all applicable staff. If deficiencies are noted, the EDS or designee shall develop a Corrective Action Plan to remedy the deficiencies, as appropriate.

Due to ACA’s procurement practices and after a review of the procurement system, the EDS has found justification to self-certify micro-purchasing thresholds of \$25,000. All staff should seek to distribute purchases equitably among qualified vendors.

### **Conflict of Interest**

The EDS shall execute an Organizational Conflict of Interest document to disclose if any conflicts exist in the application, receipt of, or expenditure of federal grant funds. **An organizational conflict of interest does not apply to the district at this time –there are no parent, affiliate or subsidiary organizations related to the district.**

The EDS and directors shall each execute a Conflict of Interest Form to disclose a conflict of interest, as appropriate, related to the awarding of a contract or substantial expenditures with federal grant funds. Substantial expenditures shall be defined as a purchase in excess of \$10,000.

**No employee, officer, or agent may participate in the selection, award, or administration of a contract supported by a Federal award if he or she has a real or apparent conflict of interest. In addition, no employee, officer or agent of the district may neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontractors. All employees shall comply with the Educators’ Code of Ethics. Violators of the Code of Ethics shall be subject to disciplinary action, including but not limited to, termination of employment with the district.**

### **Vendor Competition**

The business office shall be responsible for selecting and awarding contracts to vendors that are qualified to provide the goods and/or services to be purchased with federal grant funds. The vendor selection process shall ensure that the district does not restrict competition among qualified vendors **(2 CFR 200.319)**.

### *Vendor Selection Criteria*

The district has selected vendor qualification criteria that includes, but is not limited to, the following:

- Past experience with the district
- Cost of goods and services, including future costs of maintenance
- Vendor's financial stability and position as it relates to the ability to provide the goods and/or services
- Small, minority, woman-owned, or labor surplus area firms
- Other criteria as reflected on the Vendor Management Procedures

The district shall not restrict vendor competition by requiring any of the following as selection criteria: **[2 CFR 200.319]**

- Unreasonable requirements, such as excessive experience or bonding, brand name products, or geographic preferences that would unduly restrict competition among qualified vendors
- Arbitrary restrictions that are not essential to the bid/proposal specifications

### *Vendor Database*

A vendor database shall be maintained by the business office in the finance system (Ascender Business System). The district's Vendor Management Procedures shall be adhered to for all purchases. Vendor selection shall include the following criteria:

- Has not been debarred or suspended by the State of Texas or federal government
- Is licensed or registered with the State of Texas to perform the contracted services, as appropriate
- Has obtained the minimum insurance limits and/or bonding established by the district, as appropriate
- Has disclosed any felony convictions and/or criminal history, as appropriate

All vendors shall complete the appropriate vendor forms as required by federal or state regulations and the district. The district requires that every vendor have the following documents on file:

- Vendor application file (new vendors)
- [Form W-9](#) – Internal Revenue Service
- [Conflict of Interest Questionnaire \(CIQ\)](#) – Texas Ethics Commission
- Felony Conviction Notice
- Certificate of Insurance (as appropriate for on-site professional services)
- Certification of Criminal History Record Information (if working directly with students)
- Fingerprinting (If working directly with students)
- Criminal Background and Fingerprinting (if working directly or indirectly with students)
- Certificate of Insurance (with the District as additional insured) if services will be rendered on district property

Vendors shall be assigned a primary vendor category code to track aggregate purchases by “like items”.

### **Vendor Management**

A vendor database shall be maintained by the business office with oversight by the DBO. The district’s **Adding/Renewing Vendors Procedures** shall be adhered to in adding and maintaining approved vendors.

Although the district maintains a pre-qualified vendor database, to ensure open competition, vendors shall be allowed to enter competition at any time during the school year.

Staff shall report complaints against vendors or to indicate appreciation for positive vendor performance to EDS or designee for review and possible action. Complaint and appreciation reports become a permanent record of the vendor and must be accurate to guarantee an equitable resolution and to serve as a reliable guide for future action, positive or negative, regarding a vendor’s performance.

### *Bid and Proposal Specifications*

The district shall develop written bid/proposal specifications that are provided to every qualified vendor to ensure consistency in the procurement process. A vendor that is allowed to assist with the development of specifications shall be ineligible to submit a proposal for the specific procurement as this may provide a barrier to open, competition among the qualified vendors. **[2 CFR 200.319(b)]** The bid/proposal documents must include guidance to vendors regarding the following:

- Time, date and place of bid/proposal opening
- Anticipated award date, as applicable
- Written specifications and addendums, as appropriate
- List of all bid/proposal required documents such as CIQ, Felony Conviction Notice, etc.
- Bid/Proposal Sheet
- Bid/Proposal evaluation criteria, including the weights, as applicable
- Other documents, as appropriate for a specific bid/proposal

The district’s specifications shall incorporate a clear and accurate description of the technical requirements for the material, product, or service to be procured. Such description must not, in competitive procurements, contain features which unduly restrict competition. The description may include a statement of the qualitative nature of the material, product or service to be procured and, when necessary, must set forth those minimum essential characteristics and standards to which it must conform if it is to satisfy its intended use. Detailed product specifications should be avoided if at all possible. When it is impractical or uneconomical to make a clear and accurate description of the technical requirements, a “brand name or equivalent” description may be used as a means to define the performance or other salient requirements of procurement. **[2 CFR 200.319(b)(6)]**.

The EDS or designee shall oversee all bid/proposal documents before release to the vendor to ensure the documents comply with the federal requirements.

### **Procurement Methods**

The district shall use one of the procurement methods allowed by federal regulations to procure goods and services with federal grant funds [2 CFR 200.320]. In addition, the district shall comply with state purchasing laws and local Board Policy.

The procurement method shall be determined based on the type of goods or services to be purchased with federal grant funds. The requestor or EDS or designee shall be responsible for selecting the appropriate procurement method for each procurement, as applicable.

**The district shall adhere to the *most restrictive* federal regulations, state laws, local policies and/or procedures when the guidance documents are in conflict. [CFR 200.403(c)]**

### *Procurement Levels and Requirements*

The district has developed and implemented a Purchasing Levels and Requirements Chart for non-federal and federally-funded purchases. The chart includes the following data:

- Purchase Commitment Amount
- Support [Documentation] Required
- Additional Forms Required, if any
- RFP/RFQ Requirement
- Board Approval Requirement
- Advertising Requirement

Note. The threshold shall be determined by expenditures for “like-items” in the aggregate over a fiscal year (September 1<sup>st</sup> through August 31<sup>st</sup>). The DBO shall review expenditures from all district funds (local, state and federal) by “like-item” on at least a quarterly basis to monitor that the district does not exceed any “like-item” categories. The district has elected to use a coding system for “like-items” that is similar to the State of Texas Procurement Commodity Codes, plus locally defined codes that may not exist on the Commodity Codes. A copy of the district’s Like-Item Categories are in the Exhibit Section.

The ‘like-item’ categories shall be entered in the finance system, (such as Ascender Business System), as vendor categories and shall be indicated on every purchase order as illustrated below for federal expenditures. The sample requisition indicates that the supplies for Math have been coded to Like-Item Category #393 – Supplies, Instructional, Math.

The DBO shall review annual expenditures from all district funds (local, state and federal) after the close of the fiscal year to determine if any additional “like-item” categories should be added for the following fiscal year. The budgeted funds by like-item categories may also be helpful in planning for large expenditures in a particular like-item category in a given fiscal year.

### Micro-Purchase Procurement Method

Micro-purchases may be awarded without soliciting competitive price or rate quotations if the non-Federal entity considers the price to be reasonable based on research, experience, purchase history or other information and documents it files accordingly. Purchase cards can be used for micro-purchases if procedures are documented and approved by the school district [2 CFR 200.320(a)(1)(ii)]. [The district has written Procurement Card Procedures – refer to the Exhibit Section.

The school district is responsible for determining and documenting an appropriate micro-purchase threshold based on internal controls, an evaluation of risk, and its documented procurement procedures. The micro-purchase threshold used by the school district must be authorized or not prohibited under State or local laws or regulations. School districts may establish a threshold higher than the Federal threshold. [2 CFR 200.320(a)(1)(ii) and (iii)].

The DBO shall conduct an evaluation on an **annual basis** of the district’s internal controls, TEA-assigned risk level and documented procurement procedures to determine the appropriate micro-purchase threshold. The Self-Certification of Micro-Purchase Threshold form shall be submitted to the EDS at least 30 days prior to the start of each fiscal year for his/her review and consideration. The approved threshold shall be documented in the State and Federal Grants Manual to ensure that all stakeholders are aware of the approved micro-purchase threshold.

#### *Micro-Purchase Procedures – Less than \$10,000*

The **Procurement by Micro-purchase** may be the most frequently used method due to the frequent purchase of goods or services that are less than \$10,000 in the aggregate, as defined in **CFR 200.1** and the granting agency. The district shall purchase goods and services under this method from among qualified vendors, but will not competitively procure the micro-purchases, unless in the aggregate in a 12-month period (fiscal year), the district exceeds federal or state law thresholds [2 CFR 200.320 (a)], or the district’s threshold in Board Policy ???.

The finance/purchasing department shall distribute micro-purchases equitably among qualified vendors to the maximum extent possible and shall ensure that the price is reasonable.

#### *Micro-Purchase Procedures – Up to \$25,000*

As of November 12, 2020, **2 CFR 200.320(a)(1)(iv)** states that a *Non-Federal entity increase to the micro-purchase threshold up to \$50,000*. Non-Federal entities may establish a threshold higher than the micro-purchase threshold identified in the FAR in accordance with the requirements of this section. The non-Federal entity may self-certify a threshold up to \$50,000 on an annual basis and must maintain documentation to be made available to the Federal awarding agency and auditors in accordance with §200.334. The self-certification must include a justification, clear identification of the threshold, and supporting documentation of any of the following:

- (A) A qualification as a low-risk auditee, in accordance with the criteria in §200.520 for the most recent audit;
- (B) An annual internal institutional risk assessment to identify, mitigate, and manage financial risks; or,
- (C) For public institutions, a higher threshold consistent with State law.

The district's Board Policy has a \$50,000 threshold for Board approval of purchases.

The district has elected to self-certify a threshold up to \$25,000 in accordance with Texas law (TEC 44.031). The EDS shall complete the Self-Certification of Increased Micro-purchase threshold Form (**Rogers, Morris & Grover 2021**) on an annual basis at least 30 days prior to the start of each fiscal year. A copy of the form is included in the Exhibit Section.

#### Small Purchase Procedures - \$25,000 - \$249,999

The **Procurement by Small Purchase Procedures** shall be used by the district when the purchase of goods or services do not exceed \$250,000, the Simplified Acquisition Threshold (**CFR 200.1**). The purchasing department shall require written, emailed, or faxed quotations from at least three (3) qualified vendors for all small purchases, i.e. purchases that do not exceed \$50,000 [the state law threshold which requires a competitive procurement]. Note. The quotes can be from three (3) separate vendors within a qualified purchasing cooperative or different purchasing cooperatives to meet both the EDGAR and state law requirements for competitive procurement.

The district shall strive to obtain small purchases from qualified vendors under a Cooperative Purchasing Program [**2 CFR 200.318 (e)**]. Even though these cooperative purchasing programs have competitively procured the vendor contracts, the district shall compare the pricing among the vendors to select the best quality and price.

The Cooperative Purchasing programs shall provide an EDGAR compliance certification on an annual basis. If the Cooperative fails to provide the certification, the district shall not purchase goods or services through the Cooperative with federal grant funds. Reminder: District must still obtain at least 2 quotes from cooperatives to ensure compliance.

The district is currently participating in the following cooperative purchasing programs:

- **ESC 4 - TCPN**
- **ESC 20 Purchasing Co-Op**
- **ESC 2, Goodbuy Co-Op**
- **ESC 8 – Interlocal Purchasing System (TIPS)**
- **Texas Employees Benefit Co-Op (TEBC)**
- **US Communities Government Purchasing Alliance**
- **National Joint Powers Alliance (NJPA)**
- **State of Texas Co-Op Purchasing Program (TxSmartBuy)**
- **CDW-G**
- **Choice Partners COOP**
- **Dir State Contract**
- **GovConnections**
- **HCDE / Choice Partners ContractsNational IPA**
- **Sourcewell**
- **Staples**
- **TIPS-USA COOP**
- **\*others may be added by the Board for the best interest of the district**

*Sealed Bid Procedures – Over \$250,000\**

The **Procurement by Sealed Bids** (formal advertising) method shall be used by the district when the purchase of goods or services exceed \$250,000 if the acquisition of the goods or services lends itself to a fixed price contract and the selection of the successful bidder can be made principally on the basis of price [**2 CFR 200.320 (b)(1)**]. The district shall comply with the sealed bid requirements, as defined by the EDGAR, as noted below:

- Bids must be solicited from an adequate number of bidders, but no less than two (2) bidders
- Bids must be publicly advertised and bidders shall be provided an adequate amount of time to prepare and submit their bid. Local criteria shall include:
  - The district shall publicly advertise all bids in accordance with state law, i.e. at least two (2) times in two separate weeks
  - The district shall provide no less than ten (10) days for bidders to prepare and submit their bids
- Bids must contain detailed specifications to ensure that bidders have a clear understanding of the goods or services that the district is seeking to purchase
- Bids must specify the time, date, and district location where bids will be opened publicly
- Bids must be awarded based on a fixed price contract to the lowest responsive and responsible bidder. The district shall consider discounts, transportation costs, and life cycle costs only if these factors were included in the bid specifications. The district will consider payment discounts because the district does routinely take advantage of payment discounts.

- Bids will be evaluated, ranked, and a recommendation for award made to the School Board at a regularly scheduled board meeting.
  - If no bidder is recommended, the district shall reject all bids and evaluate whether to modify the bid specifications to initiate a new bid process
- The district shall notify the successful bidder and process the contract documents and/or purchase orders, as appropriate
- The district shall notify all of the unsuccessful bidders to ensure that qualified bidders are encouraged to submit bids during future bid opportunities

**\*Note. The state regulations (TEC Chapter 44) related to competitive procurement shall be implemented at a \$50,000 threshold even though the federal regulations allow greater flexibility.**

*Competitive Proposal Procedures – Over \$250,000*

The **Procurement by Competitive Proposal** method shall be used by the district when the acquisition of the goods or services exceeds \$250,000 and does not lend itself to a fixed price contract [**2 CFR 200.320 (b)(2)**]. The district shall comply with the competitive proposal requirements, as defined by the EDGAR, as noted below:

- Requests for Proposals (RFP) must be publicly advertised
- The RFP shall identify the evaluation factors and their weight in awarding the proposal
- Proposals shall be solicited from an adequate number of bidders, but no less than two (2) qualified vendors
- Proposals shall be evaluated, ranked, and a recommendation for award made to the School Board at a regularly scheduled board meeting [**2 CFR 200.320(b)(2)(ii)**]
  - The district shall utilize the Competitive Sealed Proposal Process Checklist
  - The district shall develop an instrument to evaluate each proposal and rank the proposals based on the evaluation scores
  - The district shall evaluate each proposal by committee or no less than two (2) district staff with knowledge of the RFP specifications
  - In accordance with state law, the vendor who is ranked highest as providing the “proposal most advantageous to the district” shall be notified of the potential award
    - The district may negotiate with the vendor only as it relates to potential cost savings
    - If the district and vendor cease to negotiate, the district shall notify the vendor in writing before starting to negotiate with the 2<sup>nd</sup> highest ranked vendor.
- The district shall notify the successful proposer and process the contract documents and/or purchase orders, as appropriate
- The district shall notify all of the unsuccessful proposers to ensure that qualified bidders are encouraged to submit bids during future bid opportunities

Noncompetitive Proposal Procedures

The **Procurement by Noncompetitive Proposal** method shall be used by the district when the purchase of goods or services is from a “sole source vendor” **[2 CFR 200.320 (c)]**.

A sole source vendor is defined as a vendor that meets the following requirements:

- The acquisition of property or services, the aggregate dollar amount of which does not exceed the micro-purchase threshold **[2 CFR 200.320 (c)(1)]**
- The goods or services are only available from a single source **[2 CFR 200.320 (c)(2)]**
  - The district shall acquire and maintain a copy of a vendor’s sole source letter which specifies the statutory or other reason for its sole source status
  - The [TEA Division of Grants Administration Request for Noncompetitive Procurement \(Sole Source\) Approval Form](#) shall be utilized to request prior approval of a non-competitive, sole source proposal.
  - The district’s Sole Source Justification Form shall be completed and submitted with the single source proposal.
- A public exigency or emergency will not permit a delay resulting from the competitive solicitation process **[2 CFR 200.320 (c)(3)]**
  - The district shall declare a public exigency or emergency prior to making such as purchase of goods or services under this method
- The granting agency or pass-through entity authorized the use of a non-competitive proposal method **[2 CFR 200.320 (c)(4)]**
  - The district shall obtain written approval/authorization from the granting agency or pass-through entity.
  - The district has received written authorization from the Texas Education Agency that the Education Service Center, Region 11, is approved as a non-competitive proposal.
- After solicitation of a number of sources, competition is determined to be inadequate **[2 CFR 200.320 (c)(5)]**
  - The district shall determine that competition is inadequate if after two (2) solicitations of bids and/or proposal, only one vendor is responsive to the solicitations

**Note. TEA has approved Education Service Centers in the non-competitive proposal category.**

### *Other Procurement Guidelines*

#### Vendor Preferences

In accordance with state purchasing laws, the district shall comply with the governing state law as applicable to charters if the procurement guidelines are stricter under state law than federal regulations. Regardless of the procurement method, the district shall encourage small, minority, woman-owned and labor surplus area firms to compete with other qualified vendors by implementing strategies to encourage their participation **[2 CFR 200.322]**.

As appropriate, and in accordance with **2 CFR 200.322**, the district should, to the greatest extent practicable under a Federal award, provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States (including but not limited to iron, aluminum, steel, cement, and other manufactured products). The requirements of this section must be included in all subawards including all contracts and purchase orders for work or products under this award.

The DBO or designee [CFO or Purchasing Administrator] shall ensure that vendor preferences are included in all specifications, purchase orders and contracts, as appropriate.

#### Vendor Restrictions

In accordance with **2 CFR §200.216** that prohibits certain telecommunications and video surveillance services or equipment, the DBO and the Technology Coordinator shall review and approve all telecommunication contracts for goods and services with federal grant funds to include the following:

(a) Recipients and subrecipients are prohibited from obligating or expending loan or grant funds to:

- (1) Procure or obtain;
- (2) Extend or renew a contract to procure or obtain; or
- (3) Enter into a contract (or extend or renew a contract) to procure or obtain equipment, services, or systems that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. As described in Public Law 115-232, section 889, covered telecommunications equipment is telecommunications equipment produced by Huawei Technologies Company or ZTE Corporation (or any subsidiary or affiliate of such entities).
  - (i) For the purpose of public safety, security of government facilities, physical security surveillance of critical infrastructure, and other national security purposes, video surveillance and telecommunications equipment produced by Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company (or any subsidiary or affiliate of such entities).
  - (ii) Telecommunications or video surveillance services provided by such entities or using such equipment.
  - (iii) Telecommunications or video surveillance equipment or services produced or provided by an entity that the Secretary of Defense, in consultation with the Director of the National Intelligence or the Director of the Federal Bureau of Investigation, reasonably believes to be an entity owned or controlled by, or otherwise connected to, the government of a covered foreign country.

The district shall comply with the federal regulations related to the procurement of recovered materials **[2 CFR 200.323]** and the Solid Waste Disposal Act.

For all purchases that exceed the Simplified Acquisition Threshold of \$250,000, the district shall perform a cost or price analysis with every procurement **[2 CFR 200.324]**. Secondly, all purchases that exceed this threshold shall comply with federal bonding requirements such as **[2 CFR 200.326]**:

- Bid guarantee from each bidder of five percent (5%) of the contract price
- Performance bond on the part of the contractor for 100% of the contract price
- Payment bond on the part of the contractor for 100% of the contract price.

The DBO shall be responsible to ensure that all purchases above this threshold are guaranteed with the appropriate bid guarantee, performance bond and payment bond.

All contracts shall contain the applicable provisions described in 2 CFR 200 Appendix II **[2 CFR 200.327]**. In addition, all contracts for services and/or goods purchased with federal grant funds shall be subjected to the same review and approval process as all other district contracts. The Contract Procedures and Contract Review Checklist are applicable to all federally funded contracts.

The district shall retain all records related to the procurement of goods and services in accordance with federal, state and local requirements. In addition, all procurement records shall be available for inspection and/or audit during the life of the records. The district shall maintain all procurement records for five (5) years in accordance with the district's Local Records Retention Schedule.

## Property Standards and Management

The district shall safeguard all property (capital assets and inventory) purchased with federal grant funds under the same guidelines as property purchased with non-federal funds **[2 CFR 200.310]**. Additional insurance for property purchased with federal grant funds shall be acquired if specifically required by a federal grant award. The EDS or designee shall oversee the acquisition of insurance for all federally funded property.

Title to federally-owned property remains vested in the Federal Government. The district must submit annually an inventory listing of federally-owned property in its custody to the Federal awarding agency. Upon completion of the Federal award or when the property is no longer needed, the district must report the property to the Federal awarding agency for further Federal agency utilization **[2 CFR 200.312]**.

## Federally-funded Capital Assets

The district has not and will not use federal grant funds to purchase real property. At the present time, the district operates several district facilities that are owned by the Department of Education. The district shall insure the DOE-owned buildings for loss in the same manner as locally-owned facilities.

If the district owns and/or purchases real property, the title to the real property acquired or improved under a federal award will vest upon acquisition with the district **[2 CFR 200.311(a)]**.

## Federally-funded Capital Assets

The district may use federal grant funds to purchase capital assets (tangible and intangible assets) and supplies if approved by the granting agency. The district shall not use federal grant funds to purchase intangible property (defined in **[2 CFR 200.1]**). If the district purchases intangible property, the title to the intangible assets vest upon acquisition with the district **[2 CFR 200.315]**.

The federally-funded capital assets shall be used only for the authorized purposes and shall be disposed of, at the end of the useful life or end of the grant period, in accordance with the grant award guidelines **[2 CFR 200.313]**. The district shall not use the federally-funded capital assets to generate program income. The purchase of capital assets shall be recorded in object code 663X in accordance with the FASRG and any local-use account codes.

## Federally-funded Supplies

The federally-funded supplies shall be used only for the authorized purposes. Supplies shall include all non-assets such as consumable supplies and non-consumable inventory (equipment with a unit cost from \$1,000 to \$4,999). Any residual (unused) supplies, in excess of \$5,000 in total aggregate value, at the end of the grant program or project may be used for any other federal grant program. **[2 CFR 200.314]** Otherwise, the supplies shall be retained by the district or sold but must reimburse the granting agency for the district use or sale of the supplies. The district shall implement purchasing deadlines for the purchase of federally-funded supplies to ensure that residual supplies are not available at the end of the grant period or project. The purchasing deadlines are announced by the DBO each year as the calendars are developed. The purchase of supplies shall be recorded in object 639X, in accordance with the FASRG and any local-use account codes.

## Capitalization Policy and Definitions

### Capital Assets

The district shall utilize the same capitalization policy for non-grant and grant-funded asset purchases. The district's capitalization threshold for assets is \$5,000 per unit cost and a useful life of more than one year. The district has adopted the EDGAR (**CFR 200.1**) definitions of property as noted below:

- *Capital assets* means tangible or intangible assets used in operations having a useful life of more than one year which are capitalized in accordance with GAAP. (**CFR 200.1**).
- *Equipment* means tangible personal property (including information technology systems) having a useful life of more than one year and a per-unit acquisition cost which equals or exceeds the lesser of the capitalization level established by the non-Federal entity for financial statement purposes, or \$5,000. (**CFR 200.1**)

- *Computing devices* means machines used to acquire, store, analyze, process, and publish data and other information electronically, including accessories (or “peripherals”) for printing, transmitting and receiving, or storing electronic information. **(CFR 200.1)**
- *General purpose equipment* means equipment which is not limited to research, medical, scientific or other technical activities.
  - Examples include office equipment and furnishings, modular offices, telephone networks, information technology equipment and systems, air conditioning equipment, reproduction and printing equipment, and motor vehicles.
- *Information technology systems* means computing devices, ancillary equipment, software, firmware, and similar procedures, services (including support services), and related resources. **(CFR 200.1)**
- *Special purpose equipment* means equipment which is used only for research, medical, scientific, or other technical activities.
  - Examples of special purpose equipment include microscopes, x-ray machines, surgical instruments, and spectrometers.
- *Supplies* means all tangible personal property other than those described in CFR§200.1 Equipment. A computing device is a supply if the acquisition cost is less than the lesser of the capitalization level established by the non-Federal entity for financial statement purposes or \$5,000, regardless of the length of its useful life. **(CFR 200.1)**

## Acquisition Cost

The district has also adopted the EDGAR definition of Acquisition cost as noted below:

- *Acquisition cost* means the cost of the asset including the cost to ready the asset for its intended use. Acquisition cost for equipment, for example, means the net invoice price of the equipment, including the cost of any modifications, attachments, accessories, or auxiliary apparatus necessary to make it usable for the purpose for which it is acquired. Acquisition costs for software includes those development costs capitalized in accordance with generally accepted accounting principles (GAAP). Ancillary charges, such as taxes, duty, protective in transit insurance, freight, and installation may be included in or excluded from the acquisition cost in accordance with the non-Federal entity's regular accounting practices. **[CFR 200.1]**

The district shall utilize the invoice cost, including all related costs, to record the cost of the equipment on the fixed asset database.

### Inventory Items

The district has also defined “inventory items” as items with a unit cost between \$1,000 and \$4,999. These items shall have a tag affixed to the item for inventory tracking and insurance purposes only. Inventory items shall include computing devices within these costs. The district shall track these items for insurance purposes and shall conduct an annual inventory of these items to the extent possible. Purchases of inventory (taggable) shall be made from object code 639X accounts.

### Consumable Supplies

Consumable supplies shall include technology-related “walkable” or “personal use” items with a unit cost less than \$1,000 as the following (these items shall be tracked by the Technology Department).

- I-Pads
- Chromebooks
- Computers with a cost under \$1,000
- Other items as identified by the dept

Consumable supplies, including the walkable and personal items with a unit cost less than \$1,000, shall be made from object code 6399 accounts. The consumable supplies shall be tracked by the campus or department making the purchase.

### **Identifying and Tracking Federally-Funded Assets**

Titles to federally funded equipment and supply purchases shall be retained by the district, unless otherwise notified by the granting agency. **[2 CFR 200.313(a)]** As district property, the district shall affix a tag, inventory, and dispose of all assets (non-grant and grant-funded) according to the district’s fixed asset procedures. **[Fixed Asset Procedures in Exhibit Section]** The district procedures shall include the recording of all assets on a database with the following information:

- 1) **District-issued tag (or identification number)**
- 2) **Date of acquisition**
- 3) **Description of asset**
- 4) **Serial number, or other identifying number**
- 5) **Funding source, i.e. fund code or grant name**
- 6) **Federal use of asset (percentage)**
- 7) **Cost of asset (acquisition cost)**
- 8) **Use and condition of the asset (New, Used, etc.)**
- 9) **Location of asset (building and room number)**
- 10) **Owner of asset title, typically the district**
- 11) **Disposition data including the date of disposal and sale price of property**

**Note. Bold items are required by federal regulations (EDGAR, 2 CFR 200.313(d)(1))**

#### *Maintaining Capital Asset Inventory & Records*

All federally-funded capital assets shall be maintained in an operable state. If repairs are necessary, the district may pay for the repairs of the federally-funded assets with federal grant funds, unless expressly restricted by the granting agency. All federally-funded capital assets shall have a tag affixed to the assets to distinguish the assets from non-federally funded assets.

The district fixed asset procedures require a biennial inventory (or more frequently if required by a granting agency) of all capital assets and reconciliation of the asset reports. **[Note. Federal requirements CFR 200.313(d)(1) requires an inventory at least once every 2 years.]**

The district's annual inventory of capital assets shall be conducted by the technology department. Lost, damaged, or stolen assets shall be recorded on the fixed assets database with the date of the loss. The disposition records such as the loss report (police report for thefts) shall be maintained with the capital asset records.

In addition, the district shall track all grant-funded capital asset purchases by grant, or fund code, as appropriate. The disposal of grant-funded assets shall be in accordance with federal guidelines and grant-specific guidelines, if any. At a minimum, the disposition date, reason, and sale price of all federally-funded assets shall be recorded in the fixed assets database. **[2 CFR 200.313(d)]**

During the life of the asset, the district shall ensure that all assets purchased with federal grant funds are insured against loss. The costs to insure and maintain (repair) assets purchased with federal grant funds are generally allowable costs, unless specifically prohibited by a granting agency. **[2 CFR 200.310]**

The technology coordinator shall be responsible for maintaining the fixed asset database report or program of all district assets, including all federally-funded assets.

## Cost Principles

All grant expenditures must be allowable under the Federal Cost Principles (2 CFR 200 – Subpart E), the grant application program assurances, the granting agency's policies, and the district policies and procedures.

The [General Provisions for Selected Items of Cost \(Cost Principles\)](#) are available on the Department of Education EDGAR webpage.

The district shall adhere to the Cost Principles for federal grants [EDGAR SUBPART E] and any additional grant-specific cost principles. General criteria affecting the allowability of costs includes, but may not be limited to, the following: **[2 CFR 200.403] and [2 CFR 200.320(b)(7)]**

- Costs must be reasonable and necessary **[2 CFR 200.404]**
  - A cost is reasonable if, in its nature and amount, it does not exceed that which would be incurred by a prudent person under the circumstances prevailing at the time the decision was made to incur the cost.
  - Necessary is defined as costs needed to carry out the grant activities
- Be allocable to Federal awards **[2 CFR 200.405]**
- Be authorized or not prohibited under State or local laws or regulations.

- Conform to any limitations or exclusions set forth in these principles, Federal laws, terms and conditions of the Federal award, or other governing regulations as to types or amounts of cost items.
- Be consistent with policies, regulations, and procedures that apply uniformly to both Federal awards and other activities of the governmental unit.
- Be accorded consistent treatment. A cost may not be assigned to a Federal award as a direct cost if any other cost incurred for the same purpose in like circumstances has been allocated to the Federal award as an indirect cost.
- Except as otherwise provided for in EDGAR, be determined in accordance with generally accepted accounting principles.
- Not be included as a cost or used to meet cost sharing or matching requirements of any other Federal award in either the current or a prior period, except as specifically provided by Federal law or regulation.
- Be the net of all applicable credits. [2 CFR 200.406]
- Be adequately documented.

The district shall utilize the Allowability/Allocability of Costs Worksheet to verify that all proposed obligations and expenditures meet the Cost Principles. If the Worksheet reflects that the proposed obligation and/or expenditure is not allowable and/or allocable to a federal grant award, the district shall not make the obligation/purchase with the federal grant funds. Other funds, such as local funds, may be used to make the obligation/expenditure, as appropriate.

### Cost Allocation Plan and Indirect Cost Rate

A cost allocation plan or an indirect (F&A) cost rate, whether submitted to a Federal cognizant agency for indirect costs or maintained on file by the district, must be certified by the district using the Certificate of Cost Allocation Plan or Certificate of Indirect Costs as set forth in Appendices III through VII, and Appendix IX. The certificate must be signed on behalf of the district by the EDS.

All district costs with federal grant funds, whether direct or indirect, shall meet the minimum requirements of allowability as specified in the **2 CFR 200.403**. In addition, the costs must meet the general provisions for selected items of cost (**2 CFR 200.420**). Specific items not listed within these procedures shall be evaluated by the EDS or designee and DBO on case-by-case basis for allowability. The general cost allowability rules for specific items of cost listed within these procedures shall apply to all federal grant funds, unless more restrictive allowability rules are required by a particular federal grant award.

**The district shall adhere to the more restrictive allowability rules when a conflict arises between the general allowability rules, the program-specific allowability rules, and the district's allowability rules.**

The same expense allocation formula shall be used for non-federal and federal funded expenditures. Purchases shall be expensed to the appropriate fiscal year and/or grant period, as appropriate. For example, if the district purchases a subscription or maintenance agreement that covers a twelve-month period from January 1<sup>st</sup> through December 31<sup>st</sup>, only the current year expenditure and/or current grant period expenditure shall be posted to the general ledger, as appropriate. In this scenario, the following expenses would be posted to the general ledger.

Current fiscal year	January to August	8 months	Object code 6XXX
	September to December	4 months	Object code (1410)

The district has elected to use federal grant funds for both compensation/benefits and non-compensation expenditures.

## Total Costs

The **total cost** of a federal award is the sum of allowable direct and allocable indirect costs less any applicable credits. **[2 CFR 200.402]** All refunds, rebates, discounts, or other credits to grant expenditures shall be posted to the finance general ledger as soon as the credit is known. The district shall ensure that all known credits have been posted to the general ledger prior to the drawdown on federal grant reimbursements.

The district shall post all credits [discounts, rebates, refunds, etc.] to the general ledger on a timely basis to ensure that the district does not draw-down grant expenditures in excess of actual expenditures net of all credits. Otherwise, the district may be considered to have drawn-down funds under an advanced cash method. The DBO shall ensure that all applicable known credits have been posted to the general ledger prior to preparing and submitting a federal grant draw-down request from the granting or pass-through entity.

**District costs generally fall under two major categories:**

- 1) compensation/benefits; and**
- 2) non-compensation (supplies, services, travel/miscellaneous or equipment).**

## Compensation & Benefit Costs

Compensation and benefits (payroll expenditures) are allowable costs for personal services rendered by district employees during the period of performance under the federal grants.

All payroll expenditures shall in accordance with federal cost principles and Department of Labor regulations, such as the Fair Labor Standards Act (FLSA). All payroll expenditures shall be paid in accordance with the federal cost principles. First and foremost, the payroll expenditures must be authorized on the grant application and the duties assigned must be directly related to grant activities.

## Compensation Plan

The School Board approved budget and pay scales shall be used to compensate all district staff whether paid from local, state or federal grant funds. In addition, the district shall provide the same employer-provided benefits for all district staff whether paid from local, state or federal grant funds.

The compensation for grant-funded staff shall be allocated to the respective grant program (fund) based on the single and/or multiple cost objectives performed by the grant-funded staff. If a grant-funded staff member performs non-grant activities during the day or beyond the normal work day, the compensation for the non-grant activities shall be paid from non-grant funds. Grant-funded staff with more than one cost objective, shall comply with the Time and Effort documentation requirements. Incentive payments, such as performance, perfect attendance, safety, etc. for grant-funded staff shall be allowable with federal grant funds if they are based on the same criteria as non-federal grant funded staff.

### *Allowable Compensation Costs*

Compensation costs shall be allowable if:

The coordinator of the grant, HR, and Payroll Coordinator must evaluate the requested transfer to ensure that the staff allocations, Highly Effective staff requirements, and funding source changes are in compliance with grant requirements and activities.

For example, if an elementary principal requests to transfer a Title I Reading teacher to a Pre-Kindergarten regular classroom teacher, the following considerations should be evaluated by the respective departments:

For example, if the Grant Personnel Schedule for Title I, Part A includes a position of a “008 – Counselor (6119)”, the budget and payroll account code distribution shall be entered in a 6119 object code.

The the coordinator of the grant, HR, and Payroll Coordinator shall work collaboratively to adjust the budget and payroll account code distributions of grant funded staff if the time and effort documentation consistently reflects that the percentage(s) across the funding source(s) is not a true reflection of the normal work schedule.

Grant-funded staff under this category shall complete a Time and Effort Worksheet (sample in Exhibit Section) to include the date, grant source, percentage worked in the grant source per day and the summary for the month (or pay cycle). - All services will be invoiced monthly after services are received (rather than paid lump sum at the beginning of the period of availability before services are rendered) and paid upon verification of receipt of services.
- The regulations for procurement in **2 CFR 200.318-327** are followed in issuing the contract.
- All professional services provided under the contract will follow the provisions of **2 CFR 200.459** Professional service costs.
- The contract identifies the funding sources that will be charged for the services provided, including the specific amount and/or percentage of the total contract amount to be charged to each funding source.
- The contract identifies and lists only reasonable, necessary, and allocable services to be provided during the period of availability of the funding sources listed in the contract.
- The administrative costs charged to the grant in the contract must comply with any limitations for administrative costs for funding sources (if applicable).
- The contract specifies that the invoice provided by the contractor will include the list of services provided, dates of services, and location(s) where services were provided during the billing period.

In addition, the contract provisions shall include:

- The contract shall not have multi-year extensions without a “non-appropriation of funds” cancellation clause
- The contract extensions, if included, shall restrict the contract renewals and/or extensions to either a “sole discretion of the district” or “mutual agreement” and not an “automatic renewal”.
- All products created as a result of the district shall be vested in the district and the district shall retain all intellectual property rights

## Contractual Obligation

The date the district executes (signs) a contract for professional services shall be defined as the “obligation date”. The district cannot obligate federal grant funds, except during the grant period in compliance with **EDGAR 34 CFR 75.703**, the district shall not execute a contract prior to, or after, a grant period; otherwise, the costs of the professional services shall be unallowable under the federal cost principles.

## Selected Item of Cost – Travel Expenditures

The district shall use federal grant funds for travel costs. All travel-related expenditures from grant funds shall comply with the allowable federal cost principles [**2 CFR 200.475**], the State Tex-Travel Guidelines, School Board Policy 100.200 and the district’s Travel Guidelines and Procedures. **The Travel Guidelines and Procedures are included in the Exhibit Section.**

Federal regulations (**2 CFR 200.475**) define travel costs as: *expenses for transportation, lodging, subsistence, and related items incurred by employees who are in travel status on official business of the non-Federal entity [district]. Such costs may be charged on an actual cost basis, on a per diem or mileage basis in lieu of actual costs incurred, or on a combination of the two, provided the method used is applied to an entire trip and not to selected days of the trip, and results in charges consistent with those normally allowed in like circumstances in the non-Federal entity's non-federally-funded activities and in accordance with non-Federal entity's written travel reimbursement policies.* The district has determined that all travel costs shall be paid to the traveler and appropriate vendors, expensed using the adopted travel procedures.

The allowable rates of reimbursement shall be the lesser of the federal rates or local rates.. The district has elected to use a set mileage rate as established by the General Services Administration (GSA).

The travel-related expenditures with grant funds shall fall within the grant obligation period, unless a specific exception is allowable by the granting agency.

## Travel Expenditures with Grant Funds (Staff)

The district shall reimburse federal grant-related travel expenses that are reasonable and necessary. Each official and employee of the district has a responsibility to limit travel to purposes that are clearly essential, directly related to federal grant activities, and to consider the most economical means of accomplishing travel. Travelers are encouraged to evaluate the options: driving versus flying, carpooling instead of flying, sharing of rooms when feasible.

The following guidelines shall apply to the expenditure of grant funds for staff, student and/or parent travel, as appropriate.

- All travel expenditures shall be reasonable and necessary to carry out the federal grant activities
- A completed Travel Authorization/Settlement form for all travel expenses

- Submission of a purchase requisition for all anticipated travel expenditures to encumber the anticipated expenditures
- Submission of documentation and receipts to support *actual* travel expenditures within 10 days of the travel event, as required by the travel procedures
- Travel expenses shall not be recorded as travel expenses in a federal grant fund if, upon review, the travel is not in compliance with Obligation Rules.

### Travel Expenditures with Grant Funds (Students)

Educational field trip expenditures require pre-approval from the federal granting agency or pass-through entity. Requests for educational field trip travel shall be submitted on TEA Division of Grants Administration Request for Specific Expenditure Approval: Educational Field Trips for TEA-administered federal grants or the federal granting agency, as appropriate. The EDS or designee shall prepare and submit the pre-approval forms in accordance with local travel procedures.

### Allowable Travel Expenditures

- Registration fees – registration fees shall be allowable if the event is directly related to grant activities. Registration fees may be expensed only during the grant period as travel expenditures (64XX). Recreational or social events subject to an additional fee, above and beyond the registration fee, shall not be allowed with local, state, or federal grant funds.
- Meals – meal expenses for overnight travel (in accordance with local travel guidelines) shall be allowed for district employees and students. **Non-overnight travel meals expenses shall be allowed if pre-approved.** The district shall advance or reimburse meal expenses, subject to the GSA limits or local limits, according to the approved travel procedures. The meal per diems shall be adjusted in accordance with IRS regulations regarding the day of departure/return and meals provided as part of the registration fee.
- Lodging – lodging expenses for overnight travel (in accordance with local travel guidelines) shall be allowed if reasonable, necessary and directly related to federal grant activities. The district shall pay for lodging expenses up to the GSA limits with federal grant funds. The district shall pay the actual cost of lodging in excess of GSA limits only with local funds, i.e. General Fund. Receipts shall be required for all lodging expenses. Recreational or personal services such as gyms, spas, etc. shall not be allowed with local, state or federal grant funds.
- Transportation – transportation expenses shall be allowed for *reasonable* expenses such as flights, rental car, taxi, shuttle, mileage reimbursement, etc. (in accordance with local travel guidelines) and federal grant regulations **[2 CFR 200.475(e)]**. Receipts shall be required for all transportation expenses to the extent that a receipt is available. Transportation expenses shall be reasonable, necessary and limited to the guidance in the cost principles.

### Unallowable Travel Expenditures

The following travel expenditures shall be unallowable with federal, state and local funds:

- Supplies and/or other conference resources. [This type of expense may be allowable as a supply expenditure if a purchase order is submitted and approved before the travel event, typically an Open PO not to exceed a specified amount.]
- Alcoholic drinks or beverages
- Entertainment expenses, such as in-room movies, fee-based hotel amenities such as gyms, spas, etc.
- Expenses for spouses or other non-district employees
- Expenses due to the traveler’s failure to cancel a registration or travel arrangements (except for extenuating circumstances – if allowed due to extenuating circumstance only local funds may be used for the expenses)
- Hotel Internet charges (unless expense is work-related and pre-approved on travel authorization – if allowed, the charges shall be expensed to local funds)
- Non-substantiated or fraudulent travel reimbursement requests shall be non-allowable travel expenses from federal, state or local funds. Travelers who submit fraudulent travel reimbursement requests shall be subject to disciplinary action, up to and including termination of employment.

In addition, in accordance with EDGAR, no federal, state or local funds shall be used for travel expenditures of non-district staff such as spouses. “Family-friendly” travel costs such as dependent care costs **[2 CFR 200.475(c)(1)]** may be allowable with federal grant funds under EDGAR, the district shall not allow any “family-friendly” travel expenditures with federal grant funds.

### **Out-of-State Travel**

Out-of-state staff travel expenditures require pre-approval from the federal granting agency or pass-through entity. Requests for out-of-state travel shall be submitted on TEA Division of Grants Administration Request for Specific Expenditure Approval: Out-of-State Travel or other federal granting agency prior to the travel event. The district shall not allow out-of-state travel with federal grant funds.

### **Review and Approval of Travel Expenditures**

The EDS or designee shall review and approve all travel-related expenditures paid with federal grant funds if the expenditure is referred by the DBO for secondary approval.

The EDS or designee review shall consist of the following:

- 1) All original, detailed receipts include an itemized list of what was purchased
- 2) The traveler has documented a valid reason for the travel which is consistent with the grant guidelines and purpose
- 3) The travel expenditures meet the allowable cost principles.
- 4) The travel is not for the EDS or other individual (non-employee such as family member, School Board, etc.).
- 5) The travel is for students during an educational field trip or other approved activity in accordance with grant guidelines and purpose
- 6) The travel is not for a contractor or consultant for *their* professional development

- 7) The travel was approved by the granting agency, as appropriate (for example: out-of-state and educational field trip travel)

## Financial Monitoring and Reporting

The district shall ensure that all grant funds are consistently monitored throughout the grant period [2 CFR 200.329]. The monitoring shall include, but not be limited to:

- Compliance with federal requirements such as cost principles, audit, reporting requirements, etc.
- Compliance with account coding in accordance with the FASRG
- Monitoring of grant expenditures are properly documented and meet all allowable costs
- Monitor grant performance such as internal controls, audit findings, over/under expenditures, etc.
- Implement strategies to deter, mitigate, and eliminate waste and fraud in the expenditure of grant funds

## Monitoring of Grant Purchases and Expenditures

The EDS or designee shall monitor the expenditures during the grant period to ensure that the funds are spent in a systematic and timely manner to accomplish the grant purpose and activities. The following timeline shall be used as a general guide for spending thresholds for a grant period of 15 months. The optimal spending thresholds noted below may be adjusted based on programmatic needs. For example, if the federal grant will be used for summer activities such as summer school, a larger percentage of the grant may need to be withheld for those specific activities.

- Within 3 months of the grant start date                      25%
- Within 6 months of the grant start date                      50%
- Within 9 months of the grant start date                      75%
- Within 12 months of the grant start date                      100%

The district shall maintain documentation to support all grant expenditures and provide the documentation upon request to the district’s external auditors, granting agency or other oversight agency, as appropriate.

In accordance with **2 CFR 200.329(b)(1)**: *the non-Federal entity [district] must submit performance reports at the interval required by the Federal awarding agency or pass-through entity to best inform improvements in program outcomes and productivity. Intervals must be no less frequent than annually nor more frequent than quarterly except in unusual circumstances, for example where more frequent reporting is necessary for the effective monitoring of the Federal award or could significantly affect program outcomes. Annual reports must be due 90 calendar days after the reporting period; quarterly or semiannual reports must be due 30 calendar days after the reporting period. Alternatively, the Federal*

*awarding agency or pass-through entity may require annual reports before the anniversary dates of multiple year Federal awards. The final performance report will be due 90 calendar days after the period of performance end date. If a justified request is submitted by a non-Federal entity, the Federal agency may extend the due date for any performance report.*

The EDS or designee shall be responsible for compiling and submitting all federal program performance reports as required by the federal granting or pass-through agency.

Auditing findings or deficiencies shall be addressed in a timely manner upon receipt of the notification. The district administrative team shall work collaboratively to develop and implement a Corrective Action Plan to resolve the findings or deficiencies. The EDS, or designee, shall approve the Corrective Action and monitor the timely implementation of corrective strategies.

The district shall disclose to the granting agency if any federal grant funds have been subject to fraud to district staff and/or contractors (vendors) **[2 CFR 200.113 Mandatory Disclosure]**. Corrective actions, as appropriate, shall be implemented to remedy the loss of grant funds due to fraud.

### **Draw-down of Grant Funds**

The district shall on at least a quarterly basis or as allowed or required by the grant guidelines, draw-down grant funds that have been spent in accordance with the grant guidelines. The draw-down shall be for all allowable and documented expenditures to date, less grant funds received to date, as verified by a financial general ledger.

**NOTE: The expenditures shall be net of all refunds, rebates, discounts, credits, and other adjustments, if any. Rebates from corporate card programs shall also be applied to federal grant awards based on an allocation method (percentage of expenditures by fund group).**

The district has opted to operate under the cash reimbursement program guidelines; therefore, the district shall submit a draw-down of federal grant funds only when the following has occurred:

- The expenditure has been made as evidenced by distribution of a paycheck to a grant funded staff member or mailing, e-paying, or delivering a payment to a vendor.
- Monthly payroll liability payments such as federal taxes, Social Security/Medicare taxes, Teacher Retirement System, wage garnishments, and insurance/elective deductions have been distributed, as appropriate.
- Accrued wages (2161) and accrued liabilities (2211) shall be deducted from the expenditures reflected on the general ledger. [The accrued wages and liabilities represent future disbursements.]

**At no time shall the district draw-down any “advanced” cash payments.**

### *Initiation of Draw-Down Request for Reimbursement*

The draw-down of grant funds from the granting agency shall be initiated by the DBO. A detailed summary general ledger of each grant fund should be generated to determine if the district is entitled to draw-down funds, i.e. if the granting agency owes the district any funds. If the district has funds available for draw-down, a detailed general ledger should be generated and forwarded to the EDS or designee for his/her review and approval and certification.

**If a grant has a matching requirement, the district shall draw-down only the allowable amount after verifying compliance with the level of matching expenditures.**

### *Review and Approval of Draw-Down Request for Reimbursement*

The DBO and EDS or designee review shall consist of the following:

- 1) A review of the detailed general ledger for any unusual charges or reclassification of expenditures
- 2) A test sampling of either unusual or large expenditures to ensure that the expenditures were reviewed and approved by all designated staff
- 3) Monitor the percentage of expenditures-to-date to ensure that the grant funds are expended on a timely basis throughout the grant period. [NOTE: The federal granting or oversight agency may disallow grant fund expenditures that appear to be made outside of the grant period or so late in the grant period that the district and its student did not benefit from the delayed expenditure.]
- 4) Authorize [in writing] the DBO to draw-down the available grant funds by signing the Federal Grant Fund Expenditure Reimbursement Drawdown Certification Form.

Upon approval from the EDS or designee, the DBO shall prepare the paper and/or electronic draw-down request. The amount of the receivable shall be recorded on the general ledger (214X) and a copy of all supporting documentation such as the detailed general ledger, approval from the EDS, and other supporting documentation shall be filed for audit purposes. The DBO shall prepare the journal ledger entry and post the to the finance general ledger, as approved by the EDS.

If additional documentation of an electronic draw-down is required by the granting agency, the DBO shall comply with the additional requirements. For example, TEA as an oversight agency, at times requests supportive information related to a drawn down such as a detailed general ledger, narrative justification, or summary of expenditures by object code. Upon a request from the TEA, the DBO shall respond to the request within the allotted time to avoid designation as a “high risk” grantee.

The EDS or designee shall be responsible to ensure that the requested draw down amount does not exceed a grant-specific draw down amount, or percentage. [NOTE: The ESSA draw down percentage is 20% per month and aggregates each month.]

### *Final Draw-Down Request for Reimbursement*

The final draw-down of grant funds from the granting agency shall be made within the allowable timeframe. Unless the Federal awarding agency or pass-through entity authorizes an extension, a non-Federal entity must liquidate all obligations incurred under the Federal award not later than 90 calendar days after the end date of the period of performance as specified in the terms and conditions of the Federal award [2 CFR 200.343(b)]. The grant liquidation guidelines shall be adhered to in making final payment for all goods and services received and *placed into service* before the end of the grant period.

The final draw down process shall be the same as a monthly or periodic draw down, except that all refunds, rebates, credits, discounts, or other adjustments to the general ledger must be recorded in the general ledger prior to submitting the final draw down request. The final draw-down shall be reviewed and approved in the same manner as a periodic draw-down.

**NOTE: There shall be no outstanding purchase orders or pending liquidations at the time of the final draw down of grant funds.]**

The district shall promptly refund any balances of unobligated cash that the Federal awarding agency or pass-through entity paid in advance or paid and that are not authorized to be retained by the district for use in other projects [2 CFR 200.343(d)].

### *Certification of Draw-Down Requests for Reimbursement*

Federal regulations (CFR 200.415) require that the district certify the accuracy of the annual and fiscal reports or vouchers requesting payments be signed by the authorized individual(s). The EDS or designee and DBO shall jointly certify every draw-down of funds, including the final expenditure report (draw-down of funds) as noted below:

*By signing this report, we certify to the best of our knowledge and belief that the reports is true, complete, and accurate, and the expenditures, disbursements and cash receipts are the purposes and objectives set forth in the terms and conditions of the federal award. We are aware that any false, fictitious, or fraudulent information or omission of any material fact, may subject us to criminal, civil, or administrative penalties for fraud, false statements, false claims or otherwise.*

### *Missed Deadline for Draw-Down Requests for Reimbursement*

If a final draw-down deadline is missed, the DBO shall contact the granting or pass through agency to determine if a process exists to request a filing deadline extension.

**NOTE: TEA has developed procedures to request an extension for filing expenditure reports. The request form must be completed, signed by the EDS, and filed with TEA within 30 days of the final expenditure report deadline.**

### *Recording Draw-Down Requests for Reimbursement Receivables*

The receivable from the granting agency shall be recorded in the general ledger. State grant receivables shall be recorded to object code 1241 and federal grant receivables shall be recorded to object code 1242. The same process for preparation and posting of the general ledger entry as a periodic draw-down shall be adhered to.

**NOTE: The revenues realized and the expenditures should be equal at the time of the final draw down of grant funds.**

### *Receipt of Grant Funds*

All district staff, especially those assigned with federal grant duties, shall adhere to the Cash Management Procedures. Specifically, all cash received by the district shall be deposited, recorded and reconciled by multiple individuals to ensure segregation of duties.

The district shall record all grant fund receivables upon receipt from the granting agency. The receipt of grant funds shall be posted to the general ledger to the appropriate receivable account code. In the event that the grant funds received do not match the recorded receivable, the DBO shall contact the granting agency to determine the discrepancy. If the granting agency has reduced and/or increased the grant funds paid to the district, a general ledger adjustment shall be posted to the appropriate revenue and receivable accounts. The Accounting Clerk shall prepare the adjusting journal ledger entry and the DBO shall post the entry to the finance general ledger.

The district shall not maintain grant funds in a separate bank account. The district has not elected to draw down federal grant funds under the advanced cash reimbursement program guidelines, i.e. after the delivery of the payment to the payee. Bank account interest shall not be earned, recorded, nor returned to the granting agency as a result of the cash reimbursement program.

### *Tracking and Recording Receivables*

On at least a monthly basis, the DBO shall review all pending receivables. Aged receivables, defined as greater than 60 days from the date of recording, shall be investigated and resolved by contacting the granting agency. The DBO shall be notified if aged receivables are not resolved within 90 days of recording the receivable.

At the end of the fiscal year, all known and measurable receivables shall be recorded to the general ledger to the appropriate grant code. The Accounting Clerk shall prepare the journal ledger entry and the DBO shall post the entry to the finance general ledger.

## Grant Compliance Areas

The district shall ensure that it is in compliance with all provisions and assurances of all grant programs. In addition, the district shall comply with grant requirements such as *supplement not supplant*, comparability, indirect cost, and maintenance of effort spending levels.

### Supplement, Not Supplant

The term supplement, not supplant is a provision common to many federal statutes authorizing education grant programs. There is no single supplement, not supplant provision. Rather, the wording of the provision varies depending on the statute that contains it.

Although the definition may change from statute to statute, supplement not supplant provisions basically require that grantees use state or local funds for all services required by state law, State Board of Education (SBOE) rule, or local policy and prohibit those funds from being diverted for other purposes when federal funds are available. Federal funds must supplement—add to, enhance, expand, increase, extend—the programs and services offered with state and local funds. Federal funds are not permitted to be used to supplant—take the place of, replace—the state and local funds used to offer those programs and services. [\[TEA Supplement, Not Supplant Handbook, 2019\]](#)

***The Penalties for supplanting are often severe. All federal funds involved in a supplant normally must be returned to the federal government. Since audits are usually conducted after the grant period has ended, there is often no other alternative correction action available other than returning the funds. [Excerpt: TEA Supplant, Not Supplant Handbook, 2019]***

The district process to ensure that all grant funded activities are supplemental shall be a collaborative effort between the EDS, coordinator of the grant, and the DBO. Both departments shall receive training and be aware of the supplement not supplant provisions.

TEA has established “presumptions of supplanting”. In other words, there are three (3) scenarios in which the US Department of Education will presume that a supplant has occurred, unless the grantee can rebut the presumption with documentation. The burden of proof is on the district.

1. Providing Services Required Under State or Local Law
2. Providing Same Services as Those Provided in Prior School Year with State or Local Funds
3. Providing the Same Services in Federal and Non-Federal Programs

The EDS or designee shall review and approve all purchase orders (and non-purchase order payments) as noted in the district’s Purchase Order Approval Path. The EDS or designee review shall include a determination if the planned purchase and/or expenditure meet one of the following guidelines:

- 1) The grant funds will be used to enhance, expand, or extend required activities. Examples may include before/after tutoring, additional research-based instructional programs, or other supplemental expenditures not required by state law or local policy.

- 2) The grant funds will be used for specific grant activities included the grant application that are above and beyond the activities funded with local funds
- 3) The grant funds will be used to supplemental grant activities as noted on the DIP or a CIP.

Program-specific supplement not supplant provisions shall be complied with in addition to the overall federal fund requirements.

## Comparability

Comparability of services is a fiscal accountability requirement that applies to local educational agencies (LEAs) that receive funds under Title I, Part A of the Every Student Succeeds Act (ESSA). The intent of the comparability of services requirement is to ensure that an LEA does not discriminate (either intentionally or unintentionally) against its Title I schools when distributing resources funded from state and local sources simply because these schools receive federal funds. [\[TEA Title I, Part A Comparability of Services Guidance Handbook, 10/2017\]](#)

The EDS or designee shall conduct the comparability test on an annual basis and complete the Title I Part A Comparability Assurance Document (CAD), as appropriate. **NOTE: The district is currently exempt from the comparability requirements due to the single campus grade spans.**

In completing the CAD and CCF, the EDS or designee shall follow the process outlined below:

- 1) Determine if the district is exempt from the comparability requirement. If so, complete and submit CAD and stop here.
- 2) If not exempt, the comparability testing process should continue as noted below:
  - a. List all campuses in the CCF comparability testing
  - b. Identify all campuses on the CCF as Title I Part A, skipped, or non-Title I Part A
  - c. Determine whether to include dedicated EE and/or PK campuses in the comparability testing
  - d. Select test method 1, 2, or 3 and use it consistently to all campuses being tested
  - e. Complete the CAD for review by the EDS or designee department. After review and approval by the grants management department, the CAD and CCF should be forwarded to the EDS for signature.
  - f. Submit the CAD and CCF to TEA by the mid-November deadline

If TEA determines that the district is non-compliant, the district administrative team shall work collaboratively to address the non-compliance. In addition, the district shall adjust the budgets as appropriate, until the district is in compliance with the comparability requirement.

## Indirect Cost

Grantees must have a current, approved federal indirect cost rate to charge indirect costs to the grant. The indirect cost rate is calculated using costs specified in the grantee's indirect cost plan. Those

specified costs may not be charged as direct costs to the grant under any circumstances. [\[TEA Indirect Cost Guidance\]](#).

The district has not applied for an Indirect Cost Rate through the pass-through entity (TEA) for the fiscal year period. If desired, the DBO shall complete and submit an Indirect Cost Rate Proposal by the established deadline as specified by the pass-through entity (TEA) on the Indirect Cost webpage at: [Indirect Cost Rates | Texas Education Agency](#).

The district's Indirect Cost Rate, or the maximum allowable rate, whichever is less shall be used to post Indirect Costs for federal funds to the General Fund. The DBO shall prepare a general ledger entry for the indirect costs and shall post the entry to the finance general ledger once reviewed and approved by the EDS or designee.

### **Maintenance of Effort**

The district shall comply with the Every Student Succeeds Act (ESSA) and Individuals with Disabilities Act (IDEA) maintenance of effort requirements.

#### *ESSA MOE*

Federal statute requires that local education agencies (LEAs) receiving Title I, Part A funds must continue to maintain fiscal effort with state and local funds. An LEA may receive its full Title I, Part A entitlement if either the combined fiscal effort per student or the aggregate expenditures for the preceding fiscal year was not less than 90 percent of the combined fiscal effort or aggregate expenditures for the second preceding fiscal year. Maintenance of Effort (MOE) is determined using state and local operating expenditures by function, excluding expenditures for community services, capital outlay, debt service, and supplementary expenses as a result of a Presidential declared disaster, as well as any expenditures from funds provided by the federal government. [\[TEA ESSA MOE Handbook\]](#)

The DBO shall compute the MOE using the [TEA ESSA LEA MOE Determination Calculation Tool](#) during the budget adopted process and at the end of the fiscal year. Non-compliance with ESSA MOE will result in a reduction of ESSA funds in the exact proportion by which the district fails to meet the MOE requirement; therefore, the business office shall plan for the reduction of grant funds at the local level. If the ESSA MOE falls below the required level, the DBO and EDS shall collaborate to develop a plan to bring the district into compliance with the MOE requirements.

#### *IDEA-B MOE*

An LEA that accepts IDEA-B funds is required under IDEA-B to expend, for services to students with disabilities, at least an amount equal to 100% of the state and/or local funds it expended on students with disabilities during the previous year. Federal law provides four methods of demonstrating compliance (or "maintaining effort"), as described in the Methods of Determining Compliance section. [\[TEA IDEA-B MOE Guidance Handbook, 2014\]](#)

The DBO shall compute the MOE using the [TEA IDEA-B LEA MOE Calculation Tool](#) during the budget adopted process and at the end of the fiscal year. Non-compliance with IDEA-B MOE will result in a

reduction of IDEA-B funds in the exact proportion by which the district fails to meet the MOE requirement; therefore, the business office shall plan for the reduction of grant funds at the local level. If the IDEA-B MOE falls below the required level, the DBO and EDS (or designee) shall collaborate to develop a plan to bring the district into compliance with the MOE requirements.

**NOTE: The DBO shall code all special education expenditures that qualify as exceptions to a specific sub-object for tracking purposes. For example, if the district makes a long-term purchase of equipment for a special education student, the district should track that expense separately (using a sub-object) to apply that cost as an exception during the MOE calculation.**

As part of the IDEA-B grant application process, the EDS or designee will need to know the prior year Special Education expenditures and the next fiscal year budgeted Special Education Expenditures. The DBO shall provide these amounts to the coordinator of the grant not later than June 30th to ensure that the most accurate amounts are reflected in the grant application. Changes to these amounts, as they are known, by the coordinator of the grant shall be submitted to the EDS or designee, as appropriate.

### Single Audit

If ACA receives more than \$750,000 in federal funds in compliance with 2 CFR 200, Subpart F – Audit Requirements, the district shall engage an independent audit firm to conduct a Single Audit of federal awards. The scope of the Single Audit shall require the following:

- The audit must be conducted in accordance with GAGAS and cover the entire operations of the district during the audit period,
- Determination if the financial statements are presented fairly in all material aspects in accordance with generally accepted accounting practices,
- Evaluate the internal controls over federal programs including testing to determine the risk level,
- Determination if the district has complied with federal statutes, regulations, and terms and conditions of the federal awards,
- Follow up on prior audit findings, and
- Submit the Data Collection Form.

Upon receipt of the Single Audit, the EDS shall determine if the audit contains any Corrective Actions of Questioned Costs.

- If there are any Corrective Actions, an Action Plan to remedy the deficiencies shall be developed and implemented by the district administrative team.
- If there are any Questioned Costs, an Action Plan to reclassify the un-allowed expenses shall be developed and implemented by the district administrative team.

The DBO shall electronically submit the Single Audit to the Federal Audit Clearinghouse at the end of the fiscal year. Verification of the submission shall be maintained for audit purposes.

## Reporting Requirements

The district shall ensure that all reporting requirements for grant programs are met within the established timelines. A master list of all activity, progress, evaluation, and expenditure reports shall be created to include the grant program, report type, responsible person(s), and due date. Completion of the reports may require the collaboration of several departments; however, the ultimate responsibility for the reporting requirement shall be as noted below:

- 1) Programmatic reports such as activity, progress and evaluations – Director of Academic Services or designated grant coordinator
- 2) Expenditure reports such as interim, draw down, and final expenditure reports – DBO
- 3) Compliance reports such as Comparability, Maintenance of Effort, Indirect Cost, etc. – EDS or designated grant coordinator
- 4) Highly Effective Staff reports, if applicable – Director of HR

The EDS or designee shall monitor the overall master list to ensure that all reporting requirements have been completed by the appropriate campus and/or department. The reporting requirements for TEA-administered grants are posted by grant on the [TEA Grant Opportunities webpage](#).

## Remedies for Non-Compliance

The district may be subject to consequences due to non-compliance with federal regulations. The district shall strive to maintain compliance and shall respond appropriately to all notifications of non-compliance from the federal granting agency or pass-through agency (TEA).

## Grant Closeout Procedures

The district shall submit all grant closeout documents to the granting agency or pass-through agency, as appropriate [2 CFR 200.344]. Grant closeout procedures shall include, but not be limited to:

- Ensure that no obligations are made after the grant period end date
- Liquidate all obligations incurred during the grant period
- Submit the final grant program performance report, if any
- Submit the final grant expenditure report, if any
- Drawdown all the expended grant funds (reimbursement request) – Match the grant expenditure draw-downs with the finance general ledger
- Certify that the final drawdown of federal grant funds is accurate (Certification)
- Refund any excess grant funds, interest, or other payables to the granting agency or pass-through agency
- Account for any real and/or personal property on hand at the end of the grant period

The designated grant coordinator or EDS must ensure that all grant close-out provisions are met on a timely basis and resolved with the awarding agency to avoid a termination of the grant award.

Under **2 CFR 200.344(h)**, if the non-Federal entity does not submit all reports in accordance with this section and the terms and conditions of the Federal Award, the Federal awarding agency must proceed to close out with the information available within one year of the period of performance end date.
